BLOODY COLLISION WITH THE TROOPS

Fierce Rioting is Renewed in Strike at Pressed Steel Car Works at McKee's Rocks.

GREAT LABOR CONVULSIONS IN THE REGION

Pittsburg, Pa., July 15.—Twelve persons were injured when the members of the Pennsylvania state constabulary and steel strikers clashed a number of times today at the plant of the Pressed Steel Car company, McKees Rocks. At least three of the injured are in a serious condition. Over a score of strikers and their sympathizers have been placed under arrest.

Twenty additional state police were sent for, making a force of sixty-one. Two hundred deputies and special officers are on duty.

Following the rioting and bloodshed last night and early this morning the strikers congregated at the gates of the mill and at intervals would bombard the works with bricks. The police only shot over the heads of the strikers.

The men were to be paid off at 3 o'clock and fears were expressed that trouble would again break forth at that time.

The state police and several thousand strikers again clashed at noon today. One trooper was seriously injured and several other persons hurt. The strikers threw bricks at the police and fled when the constabulary fired a volley close to their heads. The mounted troops then galloped into the crowd, arresting six of the strike leaders.

Following a night of terror and wild disorder in which thirty persons were shot or beaten, a detachment of the Pennsylvania constabulary arrived early today and soon afterward the rioting stopped. The men are frightened and awed by the presence of the mounted state police. When the police reached the plant they stationed their horses inside the great steel plant and took up positions outside the fence.

Troopers Ride Them Down.

A moment later a brick struck one of the troopers. Instantly the mill gate was thrown open, several troopers vaulted into the saddle and the next minute were crashing fearlessly into a crowd of strikers and their sympathizers. As they galloped through the crowd, the state police struck right and left with heavy riot clubs. The crowd became demoralized under the terrific assault and fled in all directions.

That incident occurred at daybreak. It had a potent effect and since that time the strikers have satisfied themselves by congregating at the gates of the mills, but not daring to commit any act that would cause a repetition of the constabulary strike methods.

PARADOXICAL SITUATION.

With Returning Prosperity Men Go on Strike.

Pittsburg, July 15.—Between 25,000 and 30,000 workmen—coal miners, tin and sheet plate workers, and various steel crafts—are on strike today throughout western Pennsylvania, eastern Ohio, and West Virginia. A majority of the idle men are in the Pittsburg district. Except in the strike at the Pressed Steel Car company, at McKees Rocks, a borough, where fierce rioting marked last night and early today resulting in the shooting and beating of thirty persons the strikers are orderly.

Situation is Unique.

The situation between capital and labor in the Pittsburg district is unique, treading as it does on the heels of an apparent wave of prosperity. Resumptions have been ordered in all trades, and men who have been without work for many months, are being afforded employment. On the other hand is the present unrest of the workmen. Solutions of the causes leading up to the strikes are varied.

In several instances the men claim that their employers, taking advantage of their recent prolonged idleness are offering them low wages for their work. The officials assert conditions do not warrant higher remuneration at this time.

List of Labor Troubles.

Following is a list of the strikes now in progress:

United Mine Workers against the Pittsburg Coal company. Over fourteen thousand miners employed in the mines in the Pittsburg district are out. The men claim various viola-

HARRY K. THAW AND HIS WIFE, EVELYN NESBITT THAW, IN COURT AT WHITE PLAINS.

THAW THREATENED TO KILL HIS WIFE

Evelyn Testified in Sanity Inquest That White's Slayer Promised Her Similar Fate.

STATE GETS IN MUCH WANTED TESTIMONY

White Plains, N. Y., July 15.—Evelyn Nesbit Thaw took the witness stand for the state at the afternoon session today in the hearing on Harry K. Thaw's mental condition in the supreme court here.

Justice Mills ruled that Mrs. Thaw could answer the questions the state desired to ask her regarding an alleged threat to kill her made by Harry Thaw during a conversation at Matteawan. Mrs. Thaw asked if she could not claim a privilege in refusing to answer on the ground that it might incriminate her.

The court ruled she could not, and Mrs. Thaw, asked if Thaw had not made such a threat, said "Yes, he did."

Dr. Otto Meyer, of New York, was the first witness of the day.

Doctor Gives Testimony.

Dr. Meyer testified that he saw Thaw first at the White Plains jail on October 8, 1908, and discussed with him at that time the episodes included in a hypothetical question which the witness had prepared on which to base an opinion of the prisoner's sanity. On subsequent visits to the White Plains jail and at Matteawan asylum the physician talked freely with Thaw, he said and got him to tell the story of his boyhood days.

Dr. Meyer related a conversation upon one occasion when Thaw told him he feared he was going to have typhoid fever and suggested that his rooms at the jail should be cooled off with twenty tons of ice.

Dr. Meyer said he discussed music, art, sociology and politics with Thaw, and in regard to the latter subject, Thaw laughingly remarked, "I helped to elect Jerome." The witness said he approached the subject of insanity with Thaw and in this connection referred to crime.

Tells of Killing White.

"I asked him what he thought of crime committed under the influence of alcohol and he said that should not be any excuse," continued the witness.

"I asked him what the motives were which prompted him to shoot Stanford White and he said there were no improper motives.

"In answer to a question as to what the effect or result of White's death had been Thaw replied that there 'was less danger now than before,' and most people thought he had acted properly under the circumstances.'

"I asked him to describe the incidents of that event. He said we went down the aisle and I stopped to speak to some one and then I saw White glaring at me. He put down his hand and then there was a disturbance and the shooting had been begun.

"Those were Thaw's words."

Talked of Girls.

On the second and third interviews with Thaw, Dr. Meyer said, they talked on the subject of young girls or "innocent girls."

The witness said Thaw told him that he had read of several incidents where Mr. White had enticed young girls away and robbed them of their virtue.

"Thaw said that White was given to such practices and laid his traps for young girls," the witness said. "He named several girls and dates, but said that he had not all the evidence which would be necessary to institute criminal proceedings against White.

"He referred to Mr. Jerome's summing up at his trial and read from the record where the district attorney said that such practices on the part of White could not be denied," continued the witness.

The witness referred to Thaw's effort to get Attorney Comstock, of the New York Anti-vice society, to prosecute White. Mr. Comstock appeared in the court room and took a seat beside Thaw.

Told of White's Viciousness.

Thaw told, the witness that from what he knew of White he was convinced White sought out only young and virtuous girls and that he was not alone in such practices, but that other men in White's set did the same thing, the witness testified. Asked what he

[Continued on Page Two.]

FIND STARTLING STUFF IN PAPERS

Sensational Light Thrown on Saylor Murder by His Documents.

MOTIVES OF MURDER EVIDENTLY SHOWN

Brothers of the Murdered Banker at Crescent City, Ill., Guarding Secret.

Crescent City, Ill., July 15.—Contents of the private packet left by the slain banker, J. B. Sayler, opened today, are said to be of a startling nature. According to W. R. Nightengale, who was present when the secret papers were read by brothers of the decedent, the contents which he refused to divulge, have a direct bearing on the killing of Mr. Sayler by Dr. W. L. Miller last Sunday, as a result of alleged attachment of Mrs. Sayler and Dr. Miller.

Guard the Secret.

"We can't give what we found to the public, at least not now," said Mr. Nightengale. "I will say, however, that it is evidence which will prove of value to the prosecution of Dr. Miller, who is charged with murder, and Mrs. Sayler, charged with being an accessory."

Mr. Nightengale spoke in a manner far from his usual calm self-possession. He was like one unable to recover from some astounding surprise.

As soon as the contents of the packet were learned by Thomas and Willis Sayler, brothers of the late banker, and Mr. Nightengale, State's Attorney Pallissard at Watseka was notified by long distance telephone. He drove at top speed to this village.

The fourth and final bullet fired at Mr. Sayler was found in the dining-room of the home today. Three were previously found in the body. The fourth was found embedded in the southeast corner of the room.

MOB STORY PURE FAKE.

Watseka, Ill., July 15.—The singing of a madman in the county jail here last night disturbed the rest of Dr. W. L. Miller, who killed the Crescent City banker, J. B. Sayler, and that of Mrs. Sayler, widow of the decedent, who are held in connection with the alleged crime.

The crazy man walked the floor in the lower corridor of the jail ceaselessly, singing in a wild and tuneless manner, which set the nerves of the other prisoners on edge. A weird story of a mob about the jail last night, an order to disperse by the sheriff, of armed citizens thronging the streets, sent from here last night has not a shred of truth in it.

It was expected that Mr. Sayler's private packet of papers would be opened at the bank at Crescent City today.

BOYS WILL GO TO PARK.

New Organization Will Be Guests of Charles A. Phelps.

Fifty members of the P. J. P. club, a new organization of which Charles A. Phelps is founder, will be the guests of Mr. Phelps at Robison park tomorrow. A fine program has been arranged for the boys, and the committee for the event is composed of Charles Dunkelberg, William Fleming and Harry Waterman.

A special meeting of several retail druggists was held this morning at the office of Dr. W. O. Gross.

GLIDDEN MOTORIST PARTY CROSSES WISCONSIN

Start is Made at Madison on Fourth Leg of Race—On Some Bad Roads.

Madison, Wis., July 15.—As the factory whistles were blowing at 7 o'clock this morning the first car in the Glidden tour contest shot across the line on the trip to LaCrosse. The official time of the trip of 152 miles was announced as 7 hours 42 minutes.

Each minute after 7 o'clock the cars were checked off and by 7:20 all were on the road. Dal Lewis, the official pathfinder of the tourists, scattered confetti at the dangerous turns and crossings and preceded the other cars by two hours. He was scheduled to arrive in LaCrosse at 12:30. All the cars left in perfect condition. A sharp shower fell this morning, but just enough to lay the dust. The tourists were very happy, for they complained they had eaten too much dust the last two days.

A crowd of nearly 2,000 people witnessed the start.

The Wisconsin river will be crossed at Sauk City and the keeper of the toll bridge there expects to reap a harvest.

HIT SOME ROUGH ROADS.

LaCrosse, Wis., July 15.—The route of the Glidden tour was over roads rougher than have heretofore been encountered. Much of the distance between Madison and LaCrosse is over high hills and through picturesque hill and coulee scenery. Though the roads are in fairly good condition the first cars were not expected until afternoon.

BRITISH SUBMARINE BOAT GOES TO BOTTOM

Thirteen of Crew of Sixteen Lost When Collision Sinks Vessel.

Cromer, England, July 15—The British submarine designated as C 11 was sunk last night by the cargo steamer Eddystone at a point four and one-half miles northwest of the Hansborough lightship. Thirteen members of the vessel's crew went to the bottom with her and only three were saved. Lieuts. Brodie and Watkins are among the survivors.

The cruiser Bonaventure with a flotilla of eight submarines was proceeding in a southerly direction when the Eddystone ran in among the vessels and collided with C 11.

The submarines C 16 and C 17 in endeavoring to avoid a collision with the freighter ran into each other. C 17 was damaged but there were no fatalities on board either craft.

C 11 lies in fifteen fathoms of water. Wire hawsers already have been passed under her and it is hoped that she can be raised at once.

L. M. Schwartz is home from Mackinac island, where he has been spending the past ten days.

TAFT HOLDS THEM TO THEIR PROMISE

Aldrich and Payne Forced to Stand by Corporation Tax Bill.

LEADERS SAY IT MUST GO THROUGH

Both of Them Would Knife Amendment If They Now Dared Do It.

Washington, July 15.—That President Taft "stands right where he has stood all along" and will insist upon the adoption of the corporation tax amendment is the substance of a report made to the tariff conference today by Senator Aldrich and Representative Payne. The leaders of the senate and house were at the white house lte last night, having been summoned by the president to explain a persistent rumor that the corporation tax proposition was in danger of being dropped in conference. It had been reported and not denied that a majority of the conferees were opposed to the adoption of the measure providing for a 2 per cent tax upon the net earnings of fcorporations organized for profit.

Compromise Not Satisfactory.

The announcement that the administration would be satisfied with a tax of 1 per cent and that the re-draft of the amendment made by Attorney General Wickersham would contain this change did not remove the objections entertained by the conference. The representatives of the house protested against the federal government's entering upon such a "new and radical method of raising revenue."

Discouraging reports about the reception planned for the proposition when it should be returned to the conferees determined the president to get at the bottom of the situation and to learn, if he could, whether the sentiment against the amendment was strong enough to encompass its defeat.

Neither Wants the Tax.

It is known that neither Mr. Aldrich nor Mr. Payne wants the corporation tax amendment, although both of them are pledged to the president to support it. These pledges were given at a conference at the whote house nearly a month ago, when the amendment first was submitted to the republican members of the finance committee.

It developed during the discussion of the proposition on the floor of the senate that some of the members of the finance committee, including Mr. Aldrich, had been charged with taking up the corporation tax as a weapon to be used in fighting the income tax, appears that the supporters of the president's plan committed themselves so thoroughly that they cannot now find a way to withdraw their support of the amendment.

Must Be in the Bill.

Mr. Aldrich and Mr. Payne, according to information believed to be authentic, told their conferees today that the corporation tax amendment must be incorporated in the tariff bill.

It was intimated that if the provision was abandoned now by the conferees a breach in the relations between the white house and capitol might be the result.

WILL GO TO COAST.

Frank E. Purcell, who had intended to go to Gary to take charge of a hotel there, closed a deal this afternoon by which he will go to Los Angeles and will leave at once. He will be at the head of a summer hotel at Sierra Madra.

ROOSEVELT CLAIMS AN INHERITANCE TAX NEEDED

Ex-President Contributes a Notable Editorial to the Outlook.

New York, July 15.—The Outlook out today has an article by Theodore Roosevelt entitled "Give Me Neither Poverty Nor Riches." It says in part:

"It is to be wished that some of those who preach and practice a gospel of mere materialism and greed and who speak as if the piling up of wealth by the community or by the individual was in itself the be-all and end-all of life, would learn from the most widely read and oldest of books that true wisdom which teaches that it is well to have neither great poverty nor great riches.

"The movement which has become so strong during the past few years to secure on behalf of the nation both an adequate supervision and an effective taxation of vast fortunes, so far as their business use is concerned, is a healthy movement. It aims to replace sullen discontent, restless pessimism and evil preparation for revolution, by an aggressive, healthy determination to get to the bottom of our troubles and remedy them.

"The multi-millionaire is not per se a healthy development in this country. If his fortune rests on a basis of wrong doing, he is a far more dangerous criminal than any of the ordinary types of criminals can possibly be. If his fortune is the result of great service rendered, well and good; he deserves respect and reward for such service—although we must remember to pay our homage to the service itself, and not to the fortune which is the mere reward of the service, but when his fortune is passed on to some one else who has not rendered the service, then the nation should impose a heavily graded progressive inheritance tax, a singularly wise and unobjectionable kind of tax. It would be a particularly good thing if the tax bore heaviest on absentees."

TURNERS TO SHOOT.

Appoint Committee to Arrange for a Sharpers' Range.

Desire for an out-door sport that has been possessed by the members of the Turnverein Vorwaert association for some time and which has been gaining ground as the summer season advances assumed a material form at the monthly meeting Wednesday evening, when a decision was reached to establish a sharpers' shooting range, and with this purpose in view a committee, consisting of William Barth, Otto Fey and Edwin Foster, is already busy with the preliminary arrangements. The committee is to make its report at the next meeting.

Nominations for the annual election to be held next Wednesday were also made last night.

T. J. LOGAN WILL GET JOB AS CENSUS ASSISTANT

Selection of Mr. Sale Snuffs Out Mr. Biederwolf's Aspirations.

Washington dispatches announcing that Senator Beveridge has recommended the appointment of John W. Sale, of this city, as supervisor of the census for the Twelfth district make it also certain that Thomas J. Logan will be Mr. Sale's assistant and will probably be in direct charge of the work of counting the population of Allen county next year.

Mr. Sales' appointment is a cruel wreck of the hopes of Charles A. Biederwolf, who was private secretary to Congressman Gilhams. Mr. Biederwolf himself had the job safely stowed away in his pocket until some of the local republican leaders found it out and proceeded to get busy. When the election last fall made it certain that Mr. Biederwolf's tenure of office as private secretary to a congressman was to be abruptly terminated on March 4, he improved each shining minute and went after the census job without consulting the folk back in the home district. He came from Washington in March with a smile on his face and assurances from the authorities in the department at Washington that he was to be given the job of supervising the census in the Twelfth district.

The fact finally leaked out in Fort Wayne and trouble at once began to brew. Friends of other aspirants got into action, and some of them had the temerity to assert that Mr. Biederwolf was not a resident of the Twelfth district, anyway. Mr. Logan was mentioned for the place, but he retired in favor of Mr. Sale. All the republican county chairmen in the district signed a request for Mr. Sale's appointment, and a lot of other prominent local republicans did likewise. That the assault on Mr. Biederwolf's entrenched position was effective is shown in the fact that Mr. Sale has been recommended for the place by Senator Beveridge.

DAUGHTER DROWNED IN LAKE.

Message Received Here From Charles B. Brown, of Battle Creek.

Attorney Ben Heaton received a telephone message today from Charles B. Brown, of Battle Creek, Mich., conveying the information that Flora Brown, his daughter, had been drowned in Lake Goguac. From the fact that it was difficult to understand him over the telephone Mr. Heaton did not ascertain just why the message was sent here. Mr. Brown is thought to have relatives in Allen county, one of whom is the wife of William A. Hammond, deputy clerk in the circuit court.

YOUNG MOTHER WILL SOON BE ABLE TO LEAVE

Mrs. Bump is Recovering from Effects of Carbolic Acid.

Mrs. Ralph Bump, the young mother who is at the Lutheran hospital recovering from the effects of a dose of carbolic acid taken Sunday night when she poisoned her baby, is improving rapidly and will soon be able to go to her home.

In the meantime the authorities are not taking any steps in the case and are not even guarding her at the hospital as she is in charge of the members of the family, who still remain constantly with her although she has changed her mind and says she wants to live.

She rested better last night than at any time since she was taken to the hospital and there is no probability that she will be detained when she is ready to leave. A bond may be prepared which it will be necessary for her to sign, but she will not know the import of the document and will return to Lafayette township without the knowledge that she is charged with any crime.

RESOLUTIONS COMING UP.

Street Paving Matters to Be Taken Up by the Board Tonight.

Improvement resolutions providing for paving Runion avenue from Main to High street, Miner street from DeWald to Creighton avenue and Heustis avenue from Miner to Broadway will be up for confirmation at the regular meeting of the board of public works tonight. The resolution for sidewalks on both sides of High street from the Feeder addition to Runion avenue and the grading of the street will also be up.

The acceptance of the pavements on Taylor and Brackenridge streets is also slated for action, but it is not likely any will be taken.

WORK ON NEW TRACTION LINE.

Casey, Ill., July 15.—Work was begun today on a traction line into the Illinois fields from Oblong, Ill., to connect with the McKinley system at Charleston, Ill. The preliminary work of surveying the line was completed last year. It is promised that the road will be ready for operation in about three months.

TRACTION MAN RESIGNS.

Brazil, Ind., July 15.—Clarence Turner has resigned as superintendent of the Brazil division of the Terre Haute, Indianapolis & Eastern Traction company and will be succeeded by C. B. Richardson, of Lincoln, Ill.

HOT SPRINGS MAN'S MIND HAD BEEN CHANGED

Said He Didn't Steal Anything and Case Went Over.

When Joseph L. Kelso, who yesterday admitted that he had robbed a patient in the Hot Springs doctors establishment while he was administering some sort of a treatment, was arraigned in the city court this morning, he did not know just what he wanted to plead and answered by saying he had not stolen anything.

After an attempt to get something out of the fellow as to whether or not he had any money to get a lawyer or what he wanted to do, the case was continued until tomorrow to give him a chance to think it over.

The Other Cases.

John W. Marks and Nellie Wilson, names used to cover up the identity of a man and woman well known about town, were fined $10 and costs and $5 and costs respectively. A suspended jail sentence of ten days was given the man for associating.

Louis Walters was arrested by Patrolman Bob Trebra, who never arrests anybody if he can help it. He was fined $5 and costs for drunkenness, which is not a feature, but as Trebra has made only two arrests in six years, the case was worthy of note.

The case of Louis Prange, charged with selling adulterated milk, was up but there were no witnesses and it went over, as did the case of Clem Bates, charged with selling unwholesome meat.

KERMIT KILLS HIPPOPOTAMUS.

Young Roosevelt Adds Cow to the Bag of the Party.

The Attenborough Ranch, British East Africa, July 14.—7:00 p. m., by Courier to Naivasha, July 15.—The members of the Roosevelt party are continuing their hunting trips from the ranch of Captain Richard Attenborough, which is 25 miles from Naivasha on the south shore of Lake Naivasha. Kermit Roosevelt yesterday was successful in bagging a cow hippopotamus.

THE WEATHER.

Chicago, July 15.--Indiana--Local thunderstorms this afternoon or tonight; cooler tonight; Friday generally fair.

Illinois—Generally fair tonight and Friday; cooler tonight.

Lower Michigan--Showers this afternoon, followed by generally fair tonight and Friday; cooler tonight.

Ohio—Partly cloudy with local showers tonight or Friday. Somewhat cooler Friday.

FORT WAYNE, IND.

SERIOUS CHARGE IS MADE IN DAMAGE ACTION

Says Thomas and Arthur Reed Beat Her Brutally—Courts.

Anna Ketrowitz filed in the superior court this morning a suit for damages against J. Thomas and Arthur Reed in which she makes some serious charges and makes a demand for $5,000 for being badly beaten, as she charges.

She says she was struck and knocked down by the two men on May 22 of this year and that they beat and kicked her and that her damages were aggravated by the fact that she was pregnant at the time and her baby was born two weeks earlier than she expected it and that it died a short time afterward.

The whole trouble grew out of a cow case that has been in the courts for some time. Thomas Reed sold the cow that caused the rumpus to the Ketrowitz family and when he went to collect for it he was told to take it away. When he attempted to do so he met with some resistance and this brought about his arrest for stealing his own cow and the filing of an assault and battery case. William Freuchtenicht filed the suit.

Court Notes.

William Cass, whose Indian name is Mechekenaquah and who is the principle in a suit brought against Judge Samuel R. Alden for the recovery of lands, was in the superior court today for the first time since the hearing of the case was begun on Monday.

Judge Heaton heard the evidence in the suit of Elizabeth Keefer against Samuel Keefer which consumed the greater part of the day.

Hannah Miller was granted a divorce from John Miller by Judge Heaton in the superior court.

FIND STARTLING STUFF IN PAPERS

[Continued From Page One.]

tions of their working agreement. The strike does not have the support of the national officials of the United Mine Workers of America.

Steel workers, unorganized, against the Pressed Steel Car company, about 3,500 men affected. Men say wages paid are too low. Rioting and bloodshed have resulted during this strike and further trouble is feared.

Amalgamated Association of Iron, Steel and Tin Workers against the American Sheet and Tin Plate company, a subsidiary of the United States Steel corporation. Over 7,000 men, it is estimated, are on strike. The trouble is over the "open shop" policy recently declared by the company.

Tinplate Workers Quit.

Tinplate Workers' association against the American Sheet and Tin Plate company. At Newcastle Pa., 3,000 men will quit work today. The wage scale expires at midnight and the men will join the strike of the Amalgamated association.

It is said that the tin plate workers' strike will affect plants in different portions of the country, adding from 5,000 to 10,000 to the ranks of the strikers.

The trouble is spreading to the independent sheet and tin plate plants and from present indications there is apparently no hope or effort to ward an adjustment.

At the Pressed Steel Car company a detachment of Pennsylvania state police and sheriff's deputies, heavily armed, is on guard. All the tin plate plants are protected by special police.

The coal strike is but a few hours old, but precautions are already being taken in connection with this trouble.

MUCH QUIETER IN TEHERAN.

Shah's Forces Repulsed Attempting to Force a Gate.

Teheran, July 15.—The sun in Teheran this morning showed improvement. The gun fire had practically ceased and it was said Col. Liakhoff, the military commander at Teheran, had given his troops orders to cease firing. Rifle fire was still going on between the Bakhtiaris in the service of the shah and the nationalists.

Yesterday evening the forces of the shah attacked the northeastern gate of the city, but they were repulsed by the nationalists with heavy losses.

Nathaniel Osborne, who used to blow the organ in the Brick church in Fairhaven, Conn., was once asked how much salary he received. "Twelve hundred dollars," he replied. "Twelve hundred!" exclaimed the questioner in surprise, "Yes," replied Nat, "but that's for 100 years."

Norma Blombach, eight years old, and living at 2336 Oliver street, was removed to the isolation hospital today to be treated for smallpox.

THE AWAKENING.

She—I had the most awful dream last night.
He—What was it?
She—Dreamed that I'd married a millionnaire, and dreams always go by opposites!

WILL A. RUNDELL IS NOW THINKING IT OVER

Republican Nomination for City Clerk May be Loaded Upon Him.

Will A. Rundell is the newest possibility as a republican nominee for the city clerkship, and while Mr. Rundell has not yet given his formal assent to the proposition, there is a bare possibility that the honor may be forced upon him when he isn't looking.

Mr. Rundell has been talking the matter over with some of the republican leaders for the past two days, and they are urging him to get into the race. Reinhart Schaffer, Charles A. Hood, D. Burns Douglass, Gustave Schwegman, Marion Johnson and a number of other young republicans have looked the situation squarely in the face and then squarely declined to take a chance. The hope is now pinned to Mr. Rundell. With the primary but a week away, and no avowed candidate for a place that pays $2,000 a year, the situation for the party leaders is becoming extremely embarassing.

* * *

Charles McCulloch, another of the democratic mayoralty aspirants, delivered a noon hour talk to Pennsylvania shopmen today.

* * *

Charles B. Fitch, the well known insurance man, has announced himself as a candidate for the city council from the Fourth ward on the republican ticket.

* * *

The board of city election commissioners was in session this morning going over details in connection with the city primary to be held on Friday of next week.

* * *

B. F. Sarver, a well known Seventh ward citizen, is asking for the republican nomination to the city council from that ward.

* * *

It is announced this afternoon that Gustave Schwegman has decided to permit the use of his name as a candidate for the republican nomination for city clerk, and that he will make an active canvass for the place. Mr. Schwegman was formerly cashier of the Old National bank but resigned a few years ago to embark in the mercantile business.

THAW THREATENED TO KILL HIS WIFE

[Continued From Page One.]

thought the result of White's death would have on such practices, Thaw said he thought it would stop them, Dr. Meyer testified. Thaw told him he had evidence of seven young girls being ruined in five months by the man he shot.

Dr. Meyer said that Thaw told him that revenge was not his motive in shooting White.

While Mr. Meyer was testifying Thaw wrote a note and passed it to the reporters, stating that the witness was at the head of the phychopathic institute and on the New York state commission of lunacy and was about to be made head of that department in the medical school at Johns Hopkins university.

"He is said to be at the head of his profession in America," Thaw wrote.

Court Propounds a Question.

At the conclusion of the witness' examination Justice Mills propounded the following question: "It is evident from your testimony that Thaw told you he believed he had evidence against White that he was guilty of strange practices and that the evidence was not sufficient to convict White at law? Now in such a situation, did you ask him if he thought such a man should be punished outside of the courts?"

The witness said he did not ask Thaw that question, but Thaw had said the element of self-defense excused a man for killing and also Thaw denied that he had ever declared the hand of providence guided him in shooting White. Noon recess was taken at this point until 2 o'clock.

Evelyn Nesbit Thaw was recalled as a witness by the state at the opening of the afternoon session. Justice Mills having ruled that the witness could answer the question in regard to the threat made to kill her by her husband during a conversation at Matteawan asylum, which had been excluded from her former testimony on the grounds of privilege. Deputy Attorney General Clarke asked her:

"Did Harry K. Thaw at that time say thisto you, or 'this' in substance, 'I shall have to kill you when I get out of her?'"

Evelyn Begged to Be Excused.

Mrs. Thaw appealed to the court and begged Justice Mills not to make her answer the question. "Can I claim a privilege on the ground that it would tend to incriminate me?" asked Mrs. Thaw.

Justice Mills said she could not claim a privilege on that account.

"Turning to the court with tears in her eyes, Mrs. Thaw said, "I don't want to answer that question. It places me in a terrible position. My husband will refuse to support me the minute I answer it and I will incur his everlasting enmity, I know it. I am very much afraid to answer it.

"I don't care how he has treated me" she continued, "I am still married to him and I don't want to answer it."

Says Harry Said It.

Justice Mills quietly instructed the witness to answer and she said with a long drawn sigh "Yes, he did."

Mr. Clark asked her to give Mr. Thaw's exact words.

"He said: 'I suppose I shall have to kill you next when I get out of here' she replied. Mr. Thaw further testified that during the same conversation Harry Thaw told her he was not crazy on the night he shot Stanford White.

"I only missed him by a minute on the night before" the witness said her husband told her.

Thaw sat with his eyes intently upon his wife as she testified and shook his head when she told of the threat

Warned of Flint's Coming.

On cross examination Thaw's counsel asked the witness if she recalled a conversation at Matteawan in November, 1908, when something was said of a warning against Dr. Flint, the alienist. "Yes, I warned Harry that some persons were coming to Matteawan, among whom was Dr. Flint and told him he had better keep out of sight," was the reply.

Mr. Morschauser had the witness identify a number of letters either in Thaw's or her own hand writing. Mrs. Thaw was almost flippant as she answered the question of her husband's lawyer.

As one letter was handed to her she read it, smiled broadly, then blushed perceptibly and hid her face behind her palm leaf fan.

She caught her husband's eye at this time and he smiled back and then hastily looked away.

Anthony Comstock Called.

Mrs. Thaw was excused and Anthony C. Comstock, president of the New York Society for the Suppression of Vice, was called as the next witness.

Mr. Comstock's evidence related to conversations he had had with Thaw regarding the alleged wrongs done young girls by White and others and was largely a repetition of witness' testimony on the trial of Thaw for the murder of White.

FOLLOWED ACTRESS UNTIL TIRED AND THEN DIED

Wealthy Young Cuban Aristocrat Kills Himself in New York.

New York, July 15.—Suicide ended the gay career of a wealthy young Cuban today when Juan Balsinde shot himself in his apartments at 211 East Fourteenth street. Nearly 300 seat checks from theaters, some memoranda and a letter indicated that he had been infatuated with an actress and had followed her from place to place in Cuba and in this country. He killed himself, it is believed, because his money had given out and his love affair had lost its interest.

Had Followed Actress.

Balsinde, who was 26 years old, had been attending a school at Poughkeepsie. He returned to this country from Cuba several months ago, following the company with which the actress was playing. Last night he went to the Hotel America, where he had formerly resided. He retired to his rooms and this morning his landlady was awakened by a shot. Running to his bedroom she found Balsinde fully dressed, lying on the floor, a bullet wound in his right side and a revolver lying near by. He died shortly after at Bellevue hospital. A letter dated July 2 found in his room was addressed "Dear Louisa."

Suicide's Letter.

The letter said in part:

"I am going away soon. I have had enough trouble with my people already. I am going back to Cuba to my mother, who will forgive me for all my foolish acts.

"I will be the same young aristocratic gentleman I was when I left Havana a year ago with the foolish purpose to follow an actress girl. Remember I said I came here to New York to see a friend and you have tried to stop my friendship toward that one. You tell me she does not love me but is only after my money. That is not so, for she is a good girl and works. It is you that has been after my money. I love her and will see her when I come back. Good-by,

"JUAN."

The clerk at the hotel told the police that Balsinde's father was a member of the firm of Balsinde Brothers, owners of extensive sugar plantations.

PASS TARIFF BILL; THEN WILL COME PROSPERITY

James J. Hill Says a Boom Equal to Best We Have Known is Near.

Washington, July 15.—"As soon as the tariff is out of the way," said James J. Hill, the railroad magnate, who yesterday was one of President Taft's callers, "this country will enjoy a prosperity which will at least equal, if it does not surpass, that it knew under the McKinley administration. "Last month I traveled extensively through the west and I never saw such activity among the farmers. Everywhere I made inquiry and learned and saw that the crops were abundant and the farmers were satisfied. Signs of the financial depression of 1907 are fast fading. "Freight cars will be at a premium within a few weeks. We, of the railroad, would judge the prosperity of the nation as much by the number of idle cars as anything else. Throughout the past year there have been thousands idle, but they will soon be rolling about the country filled with freight."

Mr. Hill says he expects to return to the St. Lawrence later in the summer and resume his fishing.

A watch is composed of ninety-eight pieces.

BEGINNING YOUNG.

"Say, Mamie, what did you say to Jimmy when he serenaded you with the mouth organ the other night?"
"Oh, I threw cold water on his suit."

GINGLES CASE NOW NEAR THE LAST STAGE

Testimony in and Counsel Begin Arguments on Evidence.

Chicago, July 15.—Hearing of evidence in the trial of Ella Gingles, the Irish lace maker, who is being tried on a charge of larceny, was completed at noon today and arguments were begun this afternoon. Assistant State's Attorney B. J. Short was the first to address the jury. Lieut. Gov. John G. Oglesby, of Illinois, occupied a chair beside Judge Brentano during the taking of final testimony.

Weather Sharp Contradicted.

J. P. Miller was the first witness of the day. He testified that it rained on the night of January 4, which is the night Miss Gingles says she was abused in the Wellington hotel. This contradicts testimony given for the state by Prof. Cox, head of the local weather bureau, who testified that a fog prevailed on the night in question, but that there was no precipitation. When asked how he remembered the weather condition on that particular night Miller replied that he entertained a party of friends at his home and recalled distinctly that it rained while they smoked on the porch.

S. F. Jenkins and wife, who attended the party, and Mrs. W. H. Peck, another guest, gave similar testimony.

Suggested Insanity Plea.

A point that attorneys for Miss Gingles might offer an insanity plea was made by Assistant State's Attorney Short while Dr. James W. Hall was testifying regarding the scars on the Girl's body. Attorney O'Donnell, had been questioning the witness concerning the scars and asked Dr. Hall if, in his opinion, they were scars of wounds that had been self inflicted. Dr. Hall replied: My opinion is that the wounds were not self inflicted if she was a rational person."

"Would an insane person inflict such wounds?" asked Mr. Short.

"Yes" replied the witness.

"Would one suffering from hysteria inflict such wounds on himself or herself?"

"Not ordinarily, it would be one affected by a peculiar insanity".

The bringing out of the possible insanity theory prompted Attorney O'Donnell to disclaim any intention on the part of the girl's attorneys of considering a defense along these lines.

Mrs. Anna O'Donnell, wife of Attorney P. H. O'Donnell, who is defending Miss Gingles, testified regarding a visit she made the girl at the hospital on February 17, in company with a number of club women. The witness said the girl remained in her home after leaving the hospital. She described the girl's condition and said Miss Gingles was often sick with stomach trouble and vomited blood two or three times a week.

SAFETY SHOES FOR CONVICTS.

A shoe which will make impossible the escape of convicts while being transported from one point to another is described, with illustration, in the August number of Popular Mechanics.

The device consists of a heavy leather shoe, with a perforated sole to which is attached a second sole of steel plate, jointed so that the whole will bend with the usual motion of the toes and foot. Riveted upright to this steel sole are sharp spikes, placed in such a position that they will enter the perforations of the leather sole, but kept from ordinarily doing so by crossbars with a series of steel springs on either side.

The whole contrivance is fastened to the prisoner's foot by means of metal straps, held secure by a padlock. With the crossbars in position, the prisoner can walk in the shoes as in ordinary ones, but once he is placed on a train or other conveyance, the officer releases the crossbars and locks them in such position that they cannot be replaced between the spikes and perforations without a key. The only thing that now keeps the spikes from entering the perforations and gouging into the criminal's foot is the springs. These are of sufficient strength to protect him from harm as long as he is seated, but if he stands up and attempts to walk, the weight of his body compresses them enough to make it impossible for him to stand the anguish of more than a step or two.

ELKS CAVORT OVER STREETS OF LOS ANGELES

Annual Parade of the Grand Lodge Proves Big and Brilliant Affair.

Los Angeles, July 15.—A long bewildering line of brilliant colors, formed by the gorgeous decorations of many floats and flashing uniforms of scores of marching Elks' clubs and drill corps, all moving to the strains of innumerable brass bands, wended its way today through the principal streets of Los Angeles. The parade was viewed by the largest and most enthusiastic crowd that ever gathered here. The city's down town streets for miles were a mass of packed humanity.

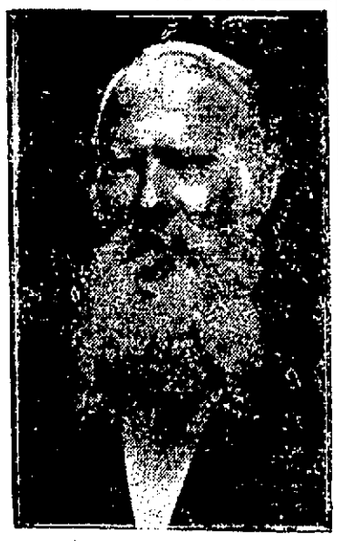
The parade, over two miles in length, began to move at 10 o'clock. At the head of each of the twelve divisions was a band, and interspersed were the floats representing the lodges of California and special features of the parade. Arizona lodges, which were in the last division, had at their head a band of Indian musicians from the Indian schools of Arizona.

The government tests at Washington of samples of the chain to be used on the gear of the Panama canal locks withstood tensile tests of 153,000 pounds to the square inch before the metal parted.

TAPS SOUNDED FOR TWO HONORED VETERANS

Andrew Hamm and J. H. Coverdale Pass Away Near Together—Deaths.

Taps sounded for two well-known Fort Wayne veteran soldiers Wednesday afternoon, and within little more than an hour of time between the deaths J. H. Coverdale and Andrew Hamm, sr., passed from earth. Both were members of Sion S. Bass post, Grand Army of the Republic.



ANDREW HAMM, SR.,
Veteran Soldier Who Had Served Under Two Flags.

Mr. Hamm had served under two flags. As a young man he was a soldier in the German army, and in America he took up arms for his adopted land, serving in a regiment of New York volunteers. Mr. Coverdale entered the army at the age of 17, serving in an Indiana regiment.

HAMM.

Andrew Hamm, sr., long a resident of Fort Wayne, who had served as a soldier in the armies of both Germany and the United States, died at 6 o'clock Wednesday evening at the home of his daughter, Mrs. Edward Dornte, 1020 Lafayette street. He was 79 years of age, and had been an invalid for the past nine years, though his death at this time came unexpectedly.

Mr. Hamm was born in Hessen-Darmstadt, Germany, April 21, 1830, and came to America forty-eight years ago, locating in New York. Thirty-two years ago he removed to Allen county and lived for some years as a gardener on the Nelson farm, four miles east of the city, removing to Fort Wayne fifteen years ago. His wife died five years ago. Mr. Hamm was a member of Sion S. Bass post, G. A. R. He was a sergeant in company I, Forty-first New York volunteer infantry, enlisting in 1861 and serving to the close of the war. Surviving children are three sons and four daughters—Andrew Hamm, jr., John and Alexander Hamm, Fort Wayne; Mrs. August Fernstrom, of Seattle; Mrs. Henry Dornte, Mrs. Edward Dornte and Miss Louise Hamm, of Fort Wayne. There are twenty-seven grandchildren and seven great grandchildren.

Funeral services Saturday afternoon at 2:30 o'clock from the residence, Rev. Wagenhals officiating. The Women's Relief corps will hold flag service over the remains at 2 o'clock.

SOMERS.

Joseph Somers, 60 years of age and a lifelong resident of Allen county, died very suddenly from apoplexy Wednesday evening at his home, 1307 Edgewater avenue. Mr. Somers had been apparently in his usual robust health, ate a hearty supper and later mowed the lawn. He retired at 9 o'clock and shortly after that hour Mrs. Somers was aroused by the labored breathing of her husband. She summoned assistance quickly, but death intervened in a few moments.

Funeral services Saturday afternoon from the residence; interment at Lindenwood.

Mr. Somers was born in Marion township and followed the vocation of farming until six years ago, when he removed to Fort Wayne and had since been engaged in the real estate business. His grandfather, Christopher Lipes, and his father, Andrew Somers, were among the pioneer settlers of Marion township, and Mr. Lipes was one of the founders of the first Baptist church in Allen county. Mr. Somers is survived by the widow and a son, Herbert L. Somers, member of the law firm of Somers & Kennerk, and a former member of the state legislature. There are three sisters and a brother—Mrs. Wesley Surfus, Columbia City; Mrs. Fred Drage, of Hoagland; Mrs. H. R. Heath, of Canada, and William Somers, of Indianapolis.

COVERDALE.

J. Henry Coverdale, long a resident of Allen county, veteran of the civil war and a retired Fort Wayne business man, died at 4:30 o'clock Wednesday afternoon at his home, 1128 Kinnaird avenue, at the age of 62 years. Mr. Coverdale had been in failing health for some time.

He was born in Muskingum county, Ohio, and came at the age of ten years with his parents to Allen county, the family locating in Lafayette township. He enlisted as a soldier at the age of 18, serving until the close of the war, and then embarked in business in Fort Wayne, establishing a feed yard on Pearl street. In after years he was engaged in the same business at Lagrange and at Kendallville, finally returning to Fort Wayne. After a few years he retired from business life.

Surviving are the widow and two children, Frank Coverdale, of Garrett, and Mrs. Lavina Ashpaugh, as well as two brothers and a sister—A. S. Coverdale, the well known grocer; George Coverdale and Mrs. Jane Bradburg. Mr. Coverdale was a member of Sion S. Bass post, G. A. R., and funeral services will be held Friday afternoon at 3 o'clock from the United Brethren church at Nine Mile under the auspices of that organization.

The ladies of Sion S. Bass W. R. C. will hold flag service over the remains at the residence Friday afternoon at 1 o'clock.

SCHLAUDROFF.

Philip Schlaudroff, 23 years of age, son of Mr. and Mrs. Louis B. Schlaudroff, of Spy Run avenue, was drowned while bathing in Dixter lake at Kendallville early Wednesday evening. The young man had been employed in the McCray Refrigerator works at Kendallville for the past two years.

Schlaudroff went to the lake with several companions to enjoy a swim and at once struck out for deep water. Suddenly he was seen to throw up his hands and sink before his companions could reach him, and did not again rise to the surface of the water. The body was recovered half an hour later by divers, and several hours were devoted to an attempt to resuscitate the young man, but without avail. The remains were removed to the home of a brother in Kendallville and later will be brought to Fort Wayne for funeral service and interment.

FUNERAL NOTICES.

Bruick.—Funeral services of John Bruick will be held Friday afternoon at 2 o'clock from the residence in Adams township, and at 2:30 from the Lutheran church at Soest.

Spice.—Funeral services of John Spice will be held Friday afternoon at 2 o'clock from the residence, 701 Runion avenue. Friends are invited to the service at the residence; interment will be private.

Sorg.—Funeral services of Joseph L. Sorg will be held Friday morning at 9:30 from the residence in Marion township and at 10 from St. Joseph's Catholic church at Hesse Cassel.

SEVERAL WORKMEN KILLED.

Building in Philadelphia Collapses and Casualties Are Many.

Philadelphia, Pa., July 15.—Several persons were killed and about a score injured by the collapse this afternoon of a portion of a five-story brick building at the northeast corner of Eleventh and Market streets.

At 3 p. m. four dead workmen had been taken from the ruins. The injured number about 20, all Philadelphians.

CITY BREVITIES.

Dr. A. L. Kane, who has been visiting with friends for the past two weeks at the northern Michigan lakes, has returned home.

After the business session of the Old Fort council, No. 192, Royal League, last evening, the members adjourned to the Majestic airdome, where they witnessed the second performance.

In operating the staple machine at the Lose printing office this morning Miss Leota Havens, of Maumee avenue, ran the wire through the tip of the index finger of her right hand, causing a very painful wound.

Manager Frank A. Biemer, of the Majestic Airdome, is enjoying an outing at Rome City.

Don't forget Turnverein Vorwaerts picnic at Centlivre park, Sunday, July 18th. 15-3t

"Cured me with his wonderful scientific treatment."—Mrs. G. Childers, Garrett, Ind.

DR. HARDMAN

Specialist

I Cure Pelvic, Nervous and Chronic Diseases.

OTHERS TREAT, BUT I CURE

REDUCED FEES—For the purpose of proving the advantages of my original methods in the treatment of PELVIC, NERVOUS and CHRONIC diseases, I will not only give to everyone who calls at my office before August 1 a careful and thorough examination FREE OF CHARGE, but to further demonstrate to the public the rapidity and thoroughness of the CURES I make I will treat every case that I accept for a cure between now and August 1 at a GREATLY REDUCED FEE.

DO NOT EXPERIMENT WITH YOUR HEALTH, but go to a doctor who is capable of treating your case right. Go to a doctor who has firmly established himself and who you know will be where you can find him. Go to a doctor who has built up a reputation that he cannot afford to lose if you want to get the right kind of treatment. I note that one of the smaller institutions in the city is copying my advertising. While this is very flattering to me as it shows that they have come to recognize my superiority of advertising, and as they also copy my ideas it is the highest compliment they could pay me as to my ability. Yet while I am glad to note that they are thus recognizing my superior ability, it is somewhat confusing to the public, as some might be led to believe that I am in some way interested in their offices. Do not be deceived, for while they may copy my advertising THEY CAN NEVER COPY MY METHODS.

I have for years made a special study of PELVIC, NERVOUS and CHRONIC DISEASES and have perfected methods that will cure these diseases which a short time ago were thought to be incurable. There are many thousands of people today that are living lives of suffering and torture, because of some deep-seated and chronic affliction that will not yield to the ordinary methods of treatment. Hundreds of satisfied patients in and around Fort Wayne have testified to my ability to cure these DEEP-SEATED diseases, and are now well and happy. WHY NOT YOU? My charges are as reasonable as any one could expect for honest scientific work, and what are a few dollars compared with good health?

Why suffer longer? Why not call at my office now and be convinced? Get rid of the shackles of disease and enjoy life as you should. If you can be cured, I will cure you. If you cannot be cured I will tell you so, as I not only have no time to waste on incurable diseases, but I absolutely do not want money for something I do not do. I can give you plenty of references among some of the best people in Fort Wayne and within a radius of one hundred miles. Many doctors are sending me their difficult cases, knowing that their patients will receive proper treatment. Can any references be better?

EXAMINATION—I learn the exact condition of the rectum, the bladder and every organ of the genito-urinary system. This in itself is of the highest importance, inasmuch as a broken-down nervous system and many more of the troubles of the STOMACH, LIVER, HEART, KIDNEYS, ETC., are reflex and are the direct results of some PELVIC LESION OR DISEASE.

RUPTURE QUICKLY and PERMANENTLY CURED. I cure Rupture by my special methods which I have used for years and have not a single failure to record. This is done in a few treatments, without pain and without any loss of time. Many of these I have cured after having unsuccessfully undergone surgical treatment.

VARICOCELE, STRICTURE, RUPTURE, PILES, FISTULA, ETC., cured without knife and without detention from business.

BLOOD POISON—I use only the most advanced methods in the treatment of blood poison and kindred diseases.

ECZEMA and other skin diseases quickly cured.

PROSTRATIC ENLARGEMENT results from inflammation. I reduce the enlargement and have been able to cure about 90 per cent of the cases.

PAN-AMERICAN BANK FOR NEW YORK APPROVED

Latin Republics Endorse Proposal With Great Enthusiasm.

Washington, July 15.—The governments of Latin-America and the large business in those countries have received a proposition to establish a Pan-American bank in New York with branches throughout Central and South America with great enthusiasm and liberal responses to the plan have been many.

Secretary of State Knox himself feels that great good will be accomplished for American business in the establishment of proposed international bank and that it is of equal if not greater importance with the move now under way for the extension of American commercial interests in the far east.

Vast Possibilities.

The project contemplates vast possibilities in the development of American trade with Latin America, the placing of American capital in the countries to the south and incidentally will bring added prestige to the United States.

"We have lost out through our failure to appreciate the situation. European countries have grasped the opportunity and have reaped the benefit of it" suggested an official yesterday, "and I am glad that our people are waking to a realization of the possibilities in store for well established reliable financial houses in Central and South America."

Will Take Time to Launch It.

While preliminary steps have been taken probably it will be fall or even later before the movement begins to have a working basis. The proposed Pan-American bank is to have a capital of $20,000,000 to $30,000,000. Branches are to be established in Valparaiso, Chile; Rio de Janeiro, Brazil; Lima, Peru, and Buenos Ayres, Argentina, in charge of Americans, while agencies are to be located in Santos, Brazil; Montevedio, Uruguay; La Paz, Bolivia; Guayaquil, Ecuador; Bogota, United States of Colombia, and Caracas, Venezuela, while the central institution will be represented in Mexico, Cuba and the Central American republics.

KILLED SAVING HIS COW.

Farmer Drives Animal From Track, But is Struck by Train.

Rochester, Ind., July 15.—Abraham Steffey, 60 years old, a farmer residing with his daughter, Mrs. Joseph Belt, near No. 16 school house, southeast of Rochester, was struck and instantly killed about 6 o'clock yesterday morning by a Lake Erie northbound extra freight. Mr. Steffey was near the tracks when he saw that his cow was in danger of being run over.

With the purpose of saving the animal's life he hurried to the crossing and managed to get the cow away in safety. Before he could get across the track the train struck him and threw him to one side.

The accident was witnessed by Mrs. Joy, a daughter, who hurried to her father's side. Coroner M. O. King pronounced the death due to accident.

PICTURES ALLEGED INDECENT.

Pastor Leads Crusade Against Fair Posters.

Greensburg, Ind., July 15.—Rev. W. G. Johnson, pastor of the Christian church in this city, in behalf of the Citizens' league, yesterday afternoon caused notices to be published in the local papers protesting against the posters issued by the Decatur County Agricultural society, advertising the county fair for August of this year, alleging that they are indecent and unfit to be displayed before the public.

The protest admonishes the citizens in general not to patronize the fair and asks the business men of the city to refrain from hanging the posters in their show windows.

The posters causing indignation among members of the league are in keeping with those that have been used by the fair association for the last six years.

Rev. Mr. Johnson, who is at the head of the movement, was active in the campaign a few months ago when Decatur county voted in favor of county local option.

Dividend of 7% Guaranteed Annually

Co-Operative Plan of the People's Store

A Splendid Investment for the Public

Shares $10.00 Each

Non-Assessable

Hundreds of Fort Wayne's brightest people are now shareholders. The Preferred Stock will soon be all subscribed for. Be wise and get your application in for ONE or MORE shares before it is too late. In proof of the thorough soundness and safety of what we offer

READ THESE FACTS

This is no new venture. THE PEOPLE'S STORE has been here for TWENTY years, and is the most successful retail store in Fort Wayne. We have taken a new TWELVE-year lease on our building, which is signed by Henry Beadell, John Porteous and Archibald Mitchell, who are also the incorporators. The business will be under the same management as formerly. The 7 % dividend is payable annually on FEBRUARY 20th, and if you are not pleased with your investment, you can have your money back. Shares are $10.00 each. No application accepted for more than ten shares. Get your application in at once. You can pay a little each month. For any other information call at the store; we shall be glad to answer all questions.

Advantages of Being a Stockholder

If you own one share of stock or more, it will entitle you to a discount of 5 per cent on everything you and your family buy, and this 5 % commences immediately after YOUR APPLICATION FOR STOCK is received. The 5 % discount will be paid by cheque on DECEMBER 10th and JUNE 10th of every year.

For actual warfare a well-developed, self-respecting street railway strike in this country has the Persian revolution beaten to a sticky froth.

Some prospect that the stocking tariff may come down a bit in the conference melees. Well enough, should it so prove. But why stop at socks? Make it shoes also by free leather and hides. There is a lot of chance for an honest revising hand. Believe there's a lad about with a good golf stick grip that'll turn out just the fellow for that job, too.

The murder of Banker Snyler by his wife's admirer at Crescent City, Ill., appears to have all the fundamentals of a scandal of most lovely nastiness, besides all the trimmings of a most unusual crime of blood. There is no break in the long train of astounding crimes which began a few weeks ago, and doubtless there are still in leash of fate many more to be loosed soon for a place in the procession.

The report is that Senator Aldrich has a violent antipathy to the corporation tax amendment, but is being held by President Taft to a promise to support it. This is interesting, if true, and it doubtless is. But the coercion of Aldrich is a proceeding so upheard of that it jars credulity a bit to believe it. However, we all have our moments of weakness and in one of his the Rhode Islander appears to have given a promise. Must make him feel sad.

The present state of affairs in Persia has been brewing for a long time, but the outbreak appears to have been premature. There is so far no appearance of a state of readiness for a successful revolution. The turn-over is due before long, but the kick-off seems to have come a bit too soon. Persia, like Turkey, has been feeling the thrill of democracy for a good while and the old order of things is doomed to pass away, just as it has in the Ottoman empire, but in Persia there is a want of leaders with a firm grasp of statecraft and military chieftains fit to lead to successful issue of armed conflict. In these respects the Young Turks' party was most splendidly equipped and the reforms may fairly well be said to have been firmly established.

Pennsylvania mounted constabulary is on the ground of a riotous strike near Pittsburg and one of two things will happen. The strikers will do their striking in some other vicinity or there will be a very general shooting up of the strike. The Pennsylvania constabulary has been disciplined to a very thorough understanding of its duties when there's a strike to shoot at and very obedient and punctual in attention to orders. That's the Pennsylvania way. Not a very humane way, but nevertheless the adopted order and procedure for such case made and provided. When the Spanish war broke out the only seasoned volunteers in the country were the Pennsylvania regiments. They were veterans who had been under fire and had done much firing themselves in many a bloody strike field.

Rev. Dr. Cadman, of Brooklyn, pastor of the largest Congregational church in the world, in a lecture at Winona a few days ago, declared that in the Jews the New York politicians had found at least one class of citizens which they could not buy, bribe nor in any wise corrupt. In that fact Dr. Cadman thought he was seer enough to see ultimately the downfall of Tammany. That is a pretty big prediction to risk, but Dr. Cadman is doubtless more a keen observer of the trend of events than merely a prophet. It is true, nevertheless, that the Jew esteems his citizenship at a price beyond money and is proud of his rights as a freeman. The franchise to him is an almost sacred privilege and he is careful not to abuse it. This is true in a notable degree of the great east side Jewish population in New York. There the Jews swarm by thousands. There once Tammany controlled practically the voting population. The Jew will not be controlled. He may be misled now and then, but his vote is not only not bought, but is not purchasable. He sets a high patriotic value on his citizenship and its privileges.

Voting by Machine a Simple Process.

Voting machines will be universally used in Fort Wayne for the first time at the primary on July 23, when candidates for the city offices will be nominated by both democrats and republicans. Voters ought to have very little difficulty in readily understanding the method of voting by machine, for the process is a very simple one.

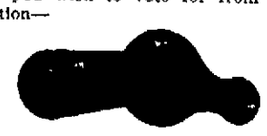
The voter as he enters the machine booth will see before him printed in long rows the names of all the candidates for the various offices, and above each candidate's name is a movable lever, which is known as a voting pointer. Suspended from above is a handle which operates the curtain screen. The voter moves this handle to the right as far as it will go, and this not only sets the machine ready for voting, but encloses the voter within a screen so that nobody save himself can see how he is voting.

The Voting Process.

The instructions to the voter for operating the machines are as follows:

First—Move the handle of the curtain lever to the right as far as it will go.

Second—Turn down the voting pointer over the name of the candidate you wish to vote for from this position—



WILLIAM JOHNSON

until it is in this position—

WILLIAM JOHNSON

and leave it there. Repeat this second operation for each candidate for whom you wish to vote.

Third—Move the handle of the curtain lever to the left as far as it will go. This will count your vote on the concealed register inside the machine and set the machine for the next voter. That is all there is to the operation. Your vote is cast and counted.

In the primary what is known as the "primary attachment" is placed on the machine. As you announce your politics on entering, the primary inspector moves a lever which sets the machine to permit you to vote for the nomination of candidates on your ticket alone, and on none other. Nor can you vote for more than one of the candidates for mayor, city clerk and police judge, nor for more than the requisite number of councilmen. The machine automatically prevents this. At the general election, of course, this primary attachment is removed and the voter may "split" his ticket if he cares to do so.

Where You Can Find Machines.

Voters may find machines on exhibition for the instruction of voters at the following places:

First ward—Corner Monroe and Madison streets; Weber drug store, Lakeside.

Second ward—Wilken's drug store, 1509 Spy Run avenue; Louis J. Feist, 1312 Lafayette street; court house; city hall, controller's office.

Third ward—Ivins' cigar store, West Berry street; Hoham drug store, 1706 Calhoun street.

Fifth ward—Hautsch shoe shop, 1425 West Main; Hutzell drug store, 1402 West Main; Smith pool room, Broadway and Jefferson; Baral cigar store, 1310 Broadway.

Sixth ward—Soest drug store, 2522 Calhoun street; Clark barber shop, 1928 Broadway; Miller drug store, Fairfield avenue and DeWald street; Clapsattle drug store, 1514 Broadway.

Seventh ward—Heinrich drug store, Lafayette and Pontiac streets; Fair drug store, 1922 Hanna street.

Eighth ward—Schefman's grocery, Wayne and Francis streets; McInzen's drug store, 1420 Walton avenue.

Ninth ward—Albersmeyer's drug store, Wells and Third streets; Brink drug store, Wells and First streets; Stellhorn drug store, St. Mary's avenue and High street.

Tenth ward—Miller drug store, Creighton avenue and Gay street; Stouder hardware store, Creighton and Holton avenues.

TAFT AND DIAZ TO MEET.

Arrangements Under Way to Bring Two Presidents Together.

Washington, July 15.—A meeting between President Taft and Diaz, of Mexico, now being practically assured, the president and his cabinet are giving some attention to arrangements for carrying out such an unusual and notable event. President Taft has never met his executive neighbor but long has cherished the hope of doing so.

Exchanges are in progress between the two executives, Mr. Taft, it was said today having taken the initiative in expressing a wish that the heads of the two great republics of North America might come together. Various details of the meeting now expected to take place at El Paso, about the middle of October are to be worked out carefully.

Suggestions have been made that the two executives grasp each others' hand under a canopy erected midway of the International bridge at El Paso, or that they in turn visit either and extend their well wishes at those places.

LAD'S WHEEL SMASHED.

A Clifford Coal company wagon that was backing up to the curbing in front of the Bass building on Clinton street, between Main and Berry this morning, ran against a bicycle belonging to Edward Plon, of Spy Run avenue, and completely demolished it.

TEACHER DIES OF POISON.

Chicago, July 15.—Clarence E. Ruggles, a school teacher of Denver, Col., died at the county hospital today supposedly from the effects of poisoning. Ruggles was found unconscious in a room in a down town hotel last Tuesday.

M'CULLOCH ISSUES ADDRESS TO THE VOTERS.

To the Voters of Fort Wayne:

To be mayor of our prosperous, beautiful and enterprising city—my native city—I consider a greater honor than to be the president of any bank or at the head of any manufacturing or business institution.

I have been an active business man and tax payer for forty years, have held the position of councilman and was elected waterworks trustee three different times without solicitation on my part. I am therefore deeply interested in all that appertains to the welfare of Fort Wayne. If I am elected I will give my devoted attention to the duties of the office.

In my opinion the four most important duties of the next municipal administration will be track elevation under the present law, which I helped to put in operation, the extension of our waterworks system, the preservation and extension of our municipal lighting system and the establishment of a local plant for repairing pavements and a plan for keeping them as clean as possible. I feel a deep interest in these matters and will work for their accomplishment. I recognize the fact that every corporation existing under a city franchise has certain rights and that such corporations should be treated fairly and honorably, but I will have at heart a greater duty and that is the protection of the rights of the people. The people own the waterworks and the municipal lighting plant. They must be preserved and enlarged so that their best results can be realized. They stand for pure water and light at the lowest obtainable cost. They stand with a drawn sword in the path against monopoly and monopolistic results. Every voter should give these subjects his serious consideration and vote for their protection.

Let them watch carefully to see that no man is elected who may be lukewarm to these important interests or one who may be championed by private interests. Eternal vigilance is also the price of good government. The bonded debt of our waterworks is only about $285,000, but improvements and extensions have been made to keep up with the growth of the city. As an asset of the city today the waterworks are worth at least $1,500,000.

There is no person so mentally obtuse who cannot read between the lines of the Electric Talks of the Philadelphia monopoly, called the Wabash Valley Traction company, that the intention is to destroy the municipal lighting plant, and if possible it would like to unload on the city a lot of real estate junk consisting of a broken down feeder dam, a feeder canal and a now useless water basin. The time will never come when the city will be compelled to take as a water supply the drainage of barn yards, roads and sewers that pour into the St. Joe river. There will always be a sufficient supply of pure water to be obtained from rock wells by going southwest of the city, where there are numerous flowing wells. The Wabash Valley Traction company will keep its "Electric Talks" going just as long as it thinks it is fooling the people, but the people frequently remark that it would be better business for the traction company, and make the public feel more kindly, if it devoted some of these thousands of dollars to replacing its rattle trap cars with modern ones, by placing iron poles on improved streets as called for in their franchise and by paying its faithful, polite, gentlemanly employes better wages—wages that would conform to the increased prices of everything they have to buy to support their families. Go on with your Electric Talks, the newspaper men are happy, the people are contented with their water supply and if they gave expression to the views of the writer, who I understand is playing the same game in another city in Indiana, they would say, "shoo fly, don't bother me."

A municipal lighting plant can also be made valuable and of untold benefit and comfort to our citizens for both public and private uses without restricting any of the legitimate rights of any corporation, for there is a wide field for both a municipal and a private corporation to work in.

Competent citizens, taxpayers and home owners should be conspicuous by their presence instead of their absence in our city government. When men in the council or other municipal offices are there because they love their home city and are interested in her welfare, then there will be no danger of graft, monopoly or slip-shod government.

I would like to be elected with such men in the council and I will try to appoint in the different departments men of integrity, men who are competent to perform their duties and I trust my administration would be free from corruption.

With these aims in view I ask for the votes of the people who are anxious for the good credit, good name and the general welfare of Fort Wayne with might and main.

CHARLES M'CULLOCH.

CURTIS MAKES GREAT FLIGHT.

Long Island Flyer Goes Nine Miles in Fifteen Minutes.

New York, July 15.—Glenn H. Curtis bettered his own record again today when he flew his aeroplane at Mineola, Long Island, nine miles in fifteen minutes. Curtis made two flights between 5 and 6 o'clock this morning. The first was stopped after two miles by the fog. It was the second that beat his performance of yesterday, when he traveled five miles in about seven minutes and was compelled to descend by the loosening of two bolts in his propeller.

ELECTRIC TALKS

No. 160

What Became of the Discount in Water Rates?

Would you, then, keep the faith?

Would you believe in the Municipal Waterworks?

Then do not turn on the FAUCET and the LIGHT at the SAME TIME.

Beware lest your faith dissolve in that city water.

And think how politicians and city officials would suffer should anything happen to undermine faith in the Little Tin God of municipally owned waterworks, at whose altar they have so long burned incense, and now fear to burn their fingers.

Think, too, of the disrespect and irreverence done to the Little Tin God of gallstones, typhoid, jaundiced laundry, dark-brown tastes and discouraged thirst!

So if you would still believe in him, the patron dispenser of the cheap and nasty, who wars against liquid purity and up-to-dateness, read only what his official high-priests are saying in their inspired statements of "absolute correctness."

To be sure, when the Controller tells you that "a further material reduction in rate will be possible" in municipal electric lighting and bases his prophecy on the resemblance of this public service to that other one—the waterworks—then, perchance.

It may be just as well to ASK HIM A QUESTION or two, as, for instance:

Will it be the SORT of reduction in rate which the City administration gave us not long since when it DISCONTINUED the DISCOUNT OF 10 PER CENT FORMERLY ALLOWED on promptly paid bills?

Was this taking away from water consumers of the discount of 10 per cent that reduced their water bills prophetic of the "reductions" to be enjoyed in that future of the Controller's electric pipe-dream?

Or will it come to pass that a lighting system of the City, like the waterworks, while boasting of its thirty years shall forget that in a world of progress age alone does not commend public works? While progress in efficiency and towards lower rates does?

Will the City Controller of the future also be so foolish, after he has seen the public smarting under the withdrawal of the 10 per cent discount that reduced their water taxes, as to come forward in a newspaper statement and tell the suffering public that

"The revenue obtained permitted an expenditure of over $32,000 for extensions and left a CASH BALANCE OF $17,306 ON HAND at the close of the years, with no claim against the department outstanding?"

Next to having one's water rates thus practically increased it is so EMINENTLY SATISFACTORY to be assured that the INCREASE WAS WHOLLY UNNECESSARY by at least $17,306!

It makes the taxpayer FAIRLY DELIRIOUS with joy to be told that his hard-earned tax contributions were increased last year to create a NEEDLESS SURPLUS this.

He even aches to REWARD somebody—if only with a club.

This is where a discount COUNTS.

It may not discount the taxpayer's bills, but it discounts the administration that furnishes the figures to prove that they SHOULD HAVE REMAINED DISCOUNTED.

Let us unite in singing "As Now is Our Waterworks!"

Ft. Wayne & Wabash Valley Traction Co.

If the people let the Wabash Valley Traction Company destroy the Municipal Lighting Plant they will never have light at a reasonable figure again, for no private Corporation would come into the field to compete with this powerful financial Corporation.

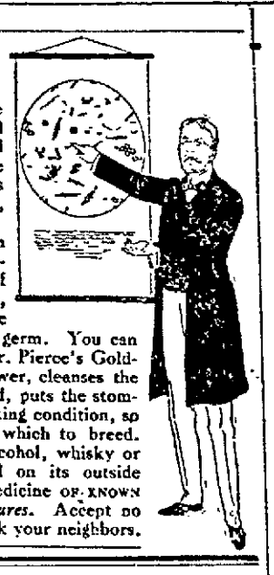
Afraid of Ghosts



Many people are afraid of ghosts. Few people are afraid of germs. Yet the ghost is a fancy and the germ is a fact. If the germ could be magnified to a size equal to its terrors it would appear more terrible than any fire-breathing dragon. Germs can't be avoided. They are in the air we breathe, the water we drink.

The germ can only prosper when the condition of the system gives it free scope to establish itself and develop. When there is a deficiency of vital force, languor, restlessness, a sallow cheek, a hollow eye, when the appetite is poor and the sleep is broken, it is time to guard against the germ. You can fortify the body against all germs by the use of Dr. Pierce's Golden Medical Discovery. It increases the vital power, cleanses the system of clogging impurities, enriches the blood, puts the stomach and organs of digestion and nutrition in working condition, so that the germ finds no weak or tainted spot in which to breed. "Golden Medical Discovery" contains no alcohol, whisky or habit-forming drugs. All its ingredients printed on its outside wrapper. It is not a secret nostrum but a medicine OF KNOWN COMPOSITION and with a record of *40 years of cures*. Accept no substitute—there is nothing "just as good." Ask your neighbors.

IN THE CITY'S CHURCHES

GREAT CONFERENCE OF LUTHERANS TO BE HELD HERE

Synodical Meeting Comes to Fort Wayne in 1912 or in 1913.

The invitation extended by the English Lutheran church of the Redeemer of Fort Wayne to the Evangelical Lutheran German and English synods of Missouri, Ohio and other states, to meet in this city was accepted at the recent synodical conference held in Cleveland, inasmuch as following the next conference at St. Louis in May, 1911, the succeeding conference will be held in Fort Wayne.

Rev. Theodore Hahn, pastor of Redeemer church as a ministerial delegate, and John Rudolphson, a lay delegate of his congregation, extended the invitation on behalf of the local English church. Rev. Jacob Miller, pastor of St. Paul's Lutheran church of this city and third vice president of the board of the German synod, represented the local German Lutheran churches of the Missouri synod.

The question of the unification of the English Lutheran churches of the Missouri synod with the churches of the German Lutheran synod of Missouri, Ohio and other states was not settled at the recent conference. The German Lutheran synod of Missouri, Ohio and other states covers United States, Canada and all foreign countries and separated from the English Lutheran synod of Missouri twenty-eight years ago. There are 525,000 communicants or approximately 2,000,000 souls in the German synod and about 25,000 in the synod of Missouri, which includes Mississippi, North Carolina, Virginia, West Virginia, Ohio, Pennsylvania, New York, Massachusetts, New Jersey, Michigan, Wisconsin, Minnesota, Indiana, Florida and other states.

On the part of the English churches of the Missouri synod a preliminary report was presented by a ministerial and lay committee for the consideration of representatives of the German Lutheran synod. As to whether the plans they proposed be accepted can only be a matter of conjecture at this time. The plans will be presented to the congregations on both sides and at the St. Louis meeting in 1911, when the English synod will meet with the German, a merger may be effected. It will also be decided at that time as whether the meetings will be held annually or bi-ennially, and hence it is undecided now as to whether the synodical meeting in Fort Wayne will take place in 1912 or 1913.

The Resolutions.

The plans presented by the English Lutheran churches for the consideration of the German and which will be read with intense interest by the ministers and their congregations are embraced in resolutions as follows:

To the Synod of Missouri and other States, assembled at Cleveland, Ohio, July 7-13, 1909:

Your committee appointed by the president of synod, according to a resolution adopted by synod at a previous convention concerning preliminary committee work, to consider the question of union with the German synod, met two members of the committee of the German synod (Prof. F. Bente, of St. Louis, and Rev. J. W. Miller, of Fort Wayne.

After a long and careful discussion your committee decided to submit to you the following resolutions for adoption by synod:

Resolved, That our synod is ready to consider a closer union with the German synod by being received as a district with the understanding,

1. That we turn our publication affairs over to the German synod, but that a committee, the majority of which are members of the English district, be elected to get out such literature as our peculiar needs demand such as the hymnbook, Sunday school literature, pamphlets, etc.

2. That the "Lutheran Witness" be made the official English church paper of the whole synod but that its editor be chosen from the English district, or that the English district be given at least equal representation on the editorial staff. (This also refers to "The Guide.")

3. That English may be used on the floor of the delegate synod by members of the English district and that at least a synopsis of the minutes of the delegate synod be read and printed in English.

4. That the mission board of the English district be permitted to start English missions wherever it deems such necessary with due regard to the divine principles of parish rights (church membership) and Christian love.

5. That the normal condition shall be that English congregations join the English district but that in the last instance it be left to the discretion of each congregation to decide upon its district affiliation, without, of course, disregarding the divine principles of Christian love. This, however, is not to be taken as a censure upon such English congregations as are already affiliated with the German synod.

Resolved, That these resolutions be submitted to our congregations for prayerful and careful consideration and that they report, in writing, to the secretary of synod the result of their deliberations not later than January 1st, 1911, and that a congregation failing to report be counted acquiescing.

Resolved, That, if necessary, the president of synod appoint three members of synod to canvass the votes of the congregations.

Resolved, That our next sessions of synod be held at the time and place of the German delegate synod, (at St. Louis in May, 1911.)

The Committee:
Rev. H. P. Eckhardt,
Rev. Wm. Dallman,
Rev. L. Buchheimer,
Rev. Wm. Dale,
Prof. Geo. A. Romoser,
Rev. John H. C. Fritz,
Dr. C. A. A. J. Miller,
Mr. D. C. Huckseil,
Mr. John Sheuermann.

At the Cleveland conference Rev. Theodore Hahn, pastor of Redeemer church was honored with the election of representative of the English Lutheran synod of Missouri, Ohio and other states to the synodical conference which includes all other synods affiliated with this body and which meets in Seward, Neb., in August 1910. He was also re-elected a member of the "electoral college" which fills the vacancies occuring in the professorships of the various colleges.

BUILDING COMMITTE AWARDS.

Contract for Removal of Redeemer Lutheran Church.

At a meeting of the building committee of the English Lutheran Church of the Redeemer, Wednesday evening, bids were received from local contractors for the removal of the old church building, etc. The lowest bid was submitted by Barney Borkenstein and to him will be given the contract, the work to begin at once. The contract will include the removal of the present church building, the construction of a new basement in the rear of the church lot, on which to raise the old building, the building of a boiler room and stack for the new church and the formation of a dining room and bowling alleys in the new basement under the old church building which will be used as a hall for the meeting of the church societies.

The members of the building committee, including Rev. Theo: Hahn, pastor are William Lindenberg, chairman; William Yergens and Thomas Baxter.

Odd Sizes In Suits 1-2 Off

YE QUALITY — Lukes — ROSE-SCHIRMEYER CO. — HOME of GOOD CLOTHING in Fort Wayne

All Yacht Straw Hats 1-2 Off

Our Regular Clearance Sale

——BEGINS TO-DAY, CLOSES JULY 31——

Everything in our store will be discounted, excepting only collars and overalls. These discounts run from 10 per cent. to 50 per cent. off.

Think of Buying a Stein-Bloch Suit for twelve dollars and fifty cents, when it formerly sold for Twenty-five Dollars. That's the way we're going to sell all our Fancy Suits in odd sizes. Stein-Bloch don't make anything to sell under Twenty Dollars and we lose dollars on every suit we sell at 1-2 or even 1-4 off, but we have some odds and ends, including this season's merchandise, which we won't carry over. New Fall Stock will be coming in soon and we must make room for it.

If you buy early in the sale you will have the cream of the stock to select from. If you come looking for wonderfully good values you will be more than satisfied.

No one has ever been deceived by us intentionally; we give exactly what we promise. We pride ourselves on a record for truthfulness which has never been surpassed. We run two sales a year when we offer rare bargains; this is one of them. Will you take advantage of it?

REV. WAMBSGANSS TO PREACH.

Sermon at Jubilee of Maennerchor Next Sunday in Cleveland.

Rev. Philip Wambsganss, pastor of Emmaus Lutheran church left this afternoon for Cleveland and on Sunday morning will occupy the pulpit of St. John's Lutheran church at Newburg, a suburb of Cleveland. It will be the occasion of the silver jubilee of the Nansburger Maennerchor, of which Rev. Wambsganss is an honorary member. The topic of his jubilee sermon will be "Schlechte Leute Singen Keine Leider." During his visit he will be the guest of the pastor, Rev. O. Gotsch.

Sunday evening, Rev. Wambsganss will leave for Milwaukee, to attend the seventeeth annual convention of the Walther league. This convention will open on Sunday evening, July 18, with special services at Trinity German Lutheran church and will continue until the 22 inclusive, the sessions taking place at Trinity hall.

On Tuesday during the sessions, Rev. Wambsganss will give an address on the local Lutheran hospital, emphasizing particularly the work of the Lutheran nurses, and the amount of good that a young woman can accomplish by following this particular vocation. Wednesday he will give another address, pointing out mainly the importance of the Walther league, which enrolls so many of the young people of the churches of the Lutheran denomination. It will be demonstrated that upon the shoulders of the young will fall the responsibility of the future work of the church and that true to the principles that have been taught them the young people should persevere in the promotion of the interests of their church and the great and growing league with which they are identified.

AMONG THE CHURCHES.

Daily Record of Current Events in Religious Circles.

The monthly meeting of the west side division of the Ladies' Aid society of the First Methodist Episcopal church will be held on Wednesday, July 21, at the home of Mrs. Marquiths, 702 Greeley street. Mrs. Will Schoch is chairman of the division, Mrs. Frank Green assistant chairman and Mrs. Parks secretary and treasurer.

Tomorrow afternoon at 2 o'clock the monthly meeting of the Missionary society of the Third Church of Christ will be held at the home of Mrs. W. E. Burt, 1515 Hurd street.

At 3 o'clock Saturday afternoon the King's Heralds and the Little Light Bearers will hold a meeting at the First Methodist Episcopal church.

Division Three of the West Jefferson Street Church of Christ will give an ice cream social this evening at the home of Mrs. J. B. McCormick.

The Regi Labora class of the West Jefferson Street Church of Christ will hold a class picnic at Swinney park Saturday afternoon and evening. The attendance of all members and friends is desired.

Rev. W. E. Riederwolf will commence a series of revival meetings at Kendallville in September. He has lately been in Kansas, where he assisted with others in an almost complete covering of the state in revival work. He is regarded as one of the great evangelistic workers of the country and is meeting with eminent success.

ITCHING IRRITATION.

Worst Form of Skin Trouble Quickly Cured by Inexpensive Treatment.

When you suffer with any skin trouble, even though the itching seems unbearable, do not think that it is necessary to use some disgusting greasy ointment. Try Hokara, a pure and simple skin food, that is guaranteed to contain no grease or acids and which is so cleanly that it does not soil the linen.

Its power to instantly relieve any irritation of the skin and make it soft, white and beautiful is almost miraculous.

Not only are minor skin troubles, like pimples, blackheads, acne, barber's itch, etc., quickly cured, but the worst ulcers or cases of salt rheum or eczema are cleansed and healed by this wonderful skin food.

In order that any one may try Hokara at small expense Meyer Bros. Co. are selling a liberal sized jar at 25c, and in addition guarantee to refund the money if the treatment does not do all that is claimed for it. Large size, 50 cents.

WANTED

By the Visiting Nurse league to borrow for a few weeks a wheel chair for a worthy invalid boy. Will have good care. Phone 2455 or address Miss Snyder, 818 Clay St. 15-3t

Go to Spring Beach sanitarium, Rome City, Ind., for all nervous troubles. It has no equal. 14-12t

Grand picnic by Turnverein Vorwaerts at Centlivre park, Sunday, July 18th. 15-3t

How to Cure Pimples

The germs that cause skin eruptions must be drawn to the surface of the skin and destroyed.

GERMO TINCTURINE is a scientific preparation for external use and will do this and permanently cure Pimples, Cold Sores, Eczema, Salt Rheum, Dandruff, and all forms of itching skin disease.

Put up in 25c and 50c sizes. Try one bottle and be convinced, or write us for Free Pamphlet. Ohio Chemical Works, Toledo, Ohio. Sold in Fort Wayne by

Madam, See What You Lose On 5-Cent Cans

The 10-cent cans of Van Camp's Milk give you sixteen ounces—the 5-cent cans only six ounces. Note how much this means.

You get six ounces of evaporated milk in a 5-cent can of Van Camp's.

But you get sixteen ounces in the 10-cent can—a full pint. And you get the same milk in both.

That is one of the ways in which you lose money by buying the 5-cent can. Let us explain them all.

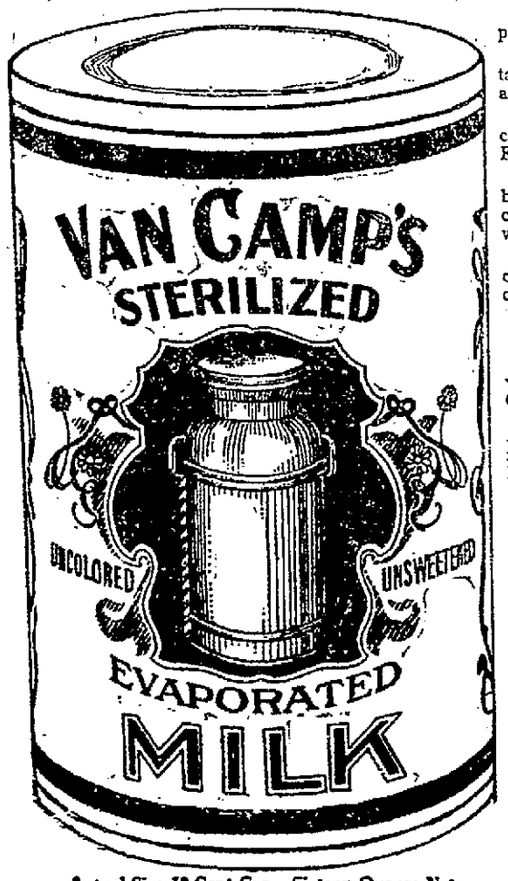
Thin milk, with too little water evaporated, costs just the same as Van Camp's.

So you get just as much of Van Camp's as you get of the poorest milk on the market.

But you spend more than you ought when you buy any milk in the 5-cent size.

No Maker Gives More

No maker gives more than six ounces of evaporated milk for five cents.



Actual Size 10-Cent Can. Sixteen Ounces Net.

Figure It Out

Van Camp's is simply rich Holstein milk, with two-thirds the water evaporated.

The milk as it comes to you is 28 per cent solids, 8 per cent butter fat.

If you replace the water which we take out, you should get rich milk for about six cents per quart.

That is based on buying the 10-cent cans, and buying them by the case. For grocers give discounts on cases.

But the 5-cent cans—even when bought by the case—make the milk cost you over eight cents per quart when you replace the water.

So you will see you are paying just one-third more when you buy the 5-cent cans.

Use It for Cooking

The trouble is here: Most people who buy the 5-cent cans don't use Van Camp's for cooking.

They use it for coffee and cereals, perhaps. But they still use raw milk for making milk dishes. And there they lose the greatest service that Van Camp's Milk can render.

Milk dishes made with Van Camp's have a flavor and richness which raw milk never gives. You will use Van Camp's forever when you once learn the difference.

The reason is that raw milk separates. The butter fat rises and the solids fall. When milkman's milk is used in cooking, it generally comes very far from whole milk.

Van Camp's is whole milk. It has all of the butter fat, all of the solids it had when it came from the cow. It will make your milk dishes twice as delicious as dishes made of raw milk.

Van Camp's Milk Keeps

Van Camp's Milk will keep because it is thoroughly sterilized. An opened can will keep 24 hours in ordinary weather. It will keep 48 hours or longer on ice.

If you use only part, you can leave the rest in the can and use it next day. You don't need to buy in small cans for fear the opened can will spoil.

Our Object Is This

It may seem better for us to sell six ounces for 5 cents than sixteen ounces for 10 cents.

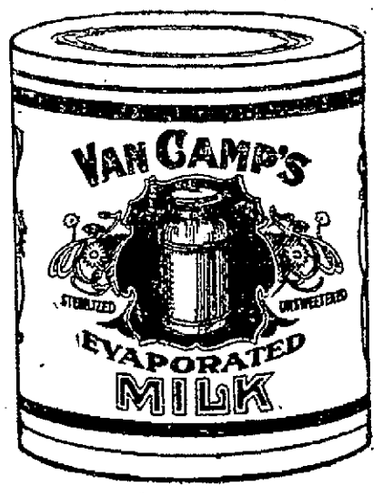
But it isn't. Our interest lies in making this milk economical. It should completely displace milkman's milk.

Van Camp's Milk serves every purpose fully twice better than raw milk. You will use more of it when you learn these facts, and learn the economical can.

Then the usual milk sold in 5-cent cans is often a vastly inferior milk.

So we urge you to buy the 10-cent cans and get the full worth of your money.

And don't buy from day to day, as you bought milkman's milk. Buy a case at a time and get the case discount. Then you will have the best milk in America for less than poor milk costs.



Actual Size 5-Cent Can. Six Ounces Net.

SOCIETY

Visiting guests, Mrs. Edward McCalley, of Middlepoint, O.; Mrs. Albert Mitchell, of St. Louis, and Miss Calhoun, of Atlanta, Ga., were those for whom Mrs. Allen Hamilton entertained at bridge this afternoon, at her home in West Wayne street. Garden flowers decorated the rooms and delicious refreshments were served in the diningroom and sun parlor. The diningroom table presented a beautiful appearance with its elegant appointments of fine lace and crystal. In the center of the table was a hammered silver bowl filled with sweet peas of variegated colors. The company was not a large one, the guests being principally friends of the visiting young women.

* * *

Mrs. Eugene H. Olds and Mrs. Thomas R. Cook will each entertain tomorrow in honor of Mrs. Edward McCalley and Miss Calhoun, who are the guests of Miss Knight and Miss Rurode.

* * *

Miss Bessie Wannamaker, of Haddonfield, N. J., who is the guest of her cousin, Miss Hannah Bitler, of West Jefferson street, was honor guest at a card party which Miss Bitler gave last evening. There were players for four tables. The rooms were tastefully decorated with carnations. Music and refreshments contributed to the entertainment of the company.

* * *

Mrs. Frank Saylor, of Elwood, was the guest for whom Mrs. I. N. Taylor gave a small luncheon at 1 o'clock today. Mrs. Saylor is visiting Mrs. George Saylor, who gave a pretty thimble party for her on Monday afternoon.

* * *

A party of young people who enjoyed a good time at Robison park on Tuesday evening gathered there in honor of Miss Bessie Fanz, of Indianapolis, who is the guest of Miss Marie Lampke, of 608 Madison street. The company were much entertained not only with the various amusements of the park but with a delicious supper and the drawing of neckties and aprons as souvenirs of the evening. Those who participated in the merry affair were Misses Bessie Fanz, Cecelia Denzel, Marie App, Agnes Farris, Stella Lyman, Florence Olinger, Marie Lampke, Ethel Foster, May Walters, Helen Mungovan, and Messrs. Hark Baker, Arthur Stier, Fred Stewart, Philip Weick, George Denzel, Edward Lampke, Adam Beckman, Emmet Zurbuch, Ellis Cothrell and Albert Schick. Guests from out of town beside Miss Fanz were Miss Addie Carr, of Youngstown, O., and Mr. Hobrock, of Chicago.

* * *

Miss Agnes McKay entertained a small company of ladies yesterday afternoon in honor of Mrs. Hamer, of Lafayette, and the Misses Armstrong, of Annapolis. The guests were Mrs. Herman Kucher, Mrs. Walter Helt, Misses Della Yann, Ethel Cox, Belle Wilson, Charlotte Haberkorn, Bessie DeVilbiss, Wilda Rowe. The rooms were prettily decorated with garden flowers.

* * *

Miss Lois Puddy, of Lakeside, will entertain on Saturday afternoon in honor of Miss Muriel Baxter, of Kansas City, Mo., a former resident of this city.

* * *

Mrs. Abe Messing has gone to Lafayette for a few days' visit.

Miss Ruth Flick has returned from a visit at St. Mary's-of-the-Woods.

Mrs. S. B. Fleming has returned from a few days' stay in Chicago.

Mrs. Robert S. Taylor has been called to Ohio by the illness of her sister.

Mrs. Mary McOscar has gone to Mackinac island for a trip of a few weeks.

Mrs. Fred Davis, of Schenectady, N. Y., is the guest of Mr. and Mrs. Delbert Davis.

Dr. and Mrs. H. G. Merz and children left yesterday for their new home in Hammond.

Miss Parry and Miss Jessie Parry have gone to Mansfield, O., for a visit with relatives.

Mr. and Mrs. Fred Lang have returned from Toronto, Canada, where they spent some weeks.

Mrs. F. S. Hunting and sons, Lawrence and Stanley have gone to Culver for a two days' visit.

Mr. and Mrs. George Meyers, of Sheboygan, Wis., are spending several weeks with friends here.

Mrs. Charles S. Knight came home today from Portsmouth, N. H., where she had been for several weeks.

The daughters and nieces of Mrs. Stephen B. Bond gave Mrs. Bond a surprise this afternoon in celebration of her birthday anniversary by calling at her home to spend an hour or so with their sewing.

Mr. and Mrs. W. F. Close and little child have returned from a week's visit in Indianapolis.

Miss Mildred Handy, of Woodland avenue, has returned from a visit in Detroit and Port Huron, Mich.

Mrs. Adelbert Davis entertained a few neighborhood friends in honor of a visiting guest yesterday afternoon.

Miss Mabel Terry, of Wellington, O., is the guest of Miss Lena Terry and other relatives, of East Pontiac street.

Mrs. H. M. Miller and children left yesterday for the north to spend several weeks with friends and relatives.

Miss Pearl Ludwig has returned to Delphos, O., after a visit with her cousins, Misses Stella and Izella Ludwig.

Mr. and Mrs. L. T. Jefferson have returned home from Eaton, O., where they were visiting friends and relatives.

Miss M. Adalene Trout, of Columbia City, is the guest of her cousin, Miss Suzanne K. Snyder, of South Calhoun street.

Mrs. Jacob Calhoun and daughter, Julia, will leave the latter part of this week for a visit with relatives in Millersburg, Ohio.

Mr. and Mrs. A. C. Birkmeier returned today from a five weeks' wedding trip through the east and are now at home at 1825 Lafayette street.

Miss Edna Getz, of West Jefferson street, will leave Sunday for Sand Lake, Mich., where she will spend a vacation of several weeks.

Mrs. Frank Hughes and little daughter, of Marion, O., who had been visiting Miss Ella Anderson for a few days, returned home yesterday.

Miss Helen Lane, of Lafayette street, entertained a few young girls quite informally yesterday afternoon in honor of her cousin, Miss Irene Gardner, of Pulatka, Fla.

Mrs. J. A. Foster and son, Earl, have gone to Rome City to remain the rest of the summer. Mrs. Martha Hill accompanied Mrs. Foster for a stay of two weeks.

Mr. and Mrs. T. E. Bailey, of Masterson avenue, and Mr. and Mrs. Harry Fishack, of East Taber street, left today for Lake George, where they expect to remain two weeks.

Miss Esther Auger and Miss Mabel Smith are to give an airdome party at the Majestic tomorrow evening in honor of Miss Helen Bassett, of Orleans, and Miss Muriel Baxter, who is visiting Miss Lois Puddy.

Misses Elizabeth Porter, Helen Kelly, Mildred Saylor and Dorothy White went to Walloon lake, Mich., last night to be guests of Miss Virginia Olds at a house party in the Fort Wayne colony for a few days.

Miss Lena Bennigin is to chaperon a company of ladies who are going to Rome City on Saturday to occupy the Becker cottage for two weeks. Those who are going are Mrs. C. M. Becker and daughter, Adaline, Miss Helen Emerick, Misses Bess and Edna Crist.

Rev. H. N. Allen, of Elyria, Ohio, is the guest of his son, E. K. Allen, for a week. Rev. Allen has been to the Pacific coast and is on his way home.

Mr. and Mrs. M. F. Noll have returned from a trip to Cedar Point, Cleveland and Canton, Ohio.

Mr. and Mrs. Persifer Smith and children, of Columbus, O., will be in the city for a short time this evening on their way north for the summer. Mr. and Mrs. Smith and Mrs. A. S. Bond have rented a cottage together at Roaring Brook, Mich., and Mrs. Bond and daughter, Persis, have been there for a week.

Miss Stella Jacobs, of 54 Madison street, entertained the C. J. G. club last evening much to the pleasure of the company, who played red letters. Prizes were earned by Irene Kasten and Della Kramer. Other guests were Misses Martha Wagner, Ida Piepenbrink, Stella Benningen, Edith Klenke, Esther Saffen, Viola Brown, Bertha Eckles. The club is planning to take an outing at Rome City soon.

* * *

Dalman—Black.

The wedding of Mr. Murray A. Dalman, formerly of this city, and Miss Effie Black took place at the home of the bride in Plainfield today. The bridegroom is a son of Mr. and Mrs. Jesse Dalman, of West Creighton avenue, and graduated from the city public schools in the class of 1900. After completing a course at DuPauw, Mr. Dalman accepted the principalship of the Plainfield high school, which he still holds.

* * *

Manth—Freuchtenicht.

Miss Dora S. Freuchtenicht, of Liberty street, and Mr. Louis W. P. Manth, a druggist connected with the Fort Wayne Drug company, were united in marriage on Wednesday afternoon at 4 o'clock at the parsonage of Zion's Lutheran church by Rev. Henry Luehr. Miss Siegel and Mr. Fruechtenicht were the attendants. The bride and groom have gone to housekeeping at 502 Buchanan street.

The prizes now being contested for by aviators number thirty-eight and are valued at $300,000.

RECIPES.

Potato Pancakes with Cheese.

Grate 6 large, raw, peeled potatoes, moisten with a gill of milk, mix with 3 yolks of raw eggs, ½ tablespoonful of butter, 1 ounce of breadcrumbs, season with salt and pepper. Add 2 tablespoonfuls grated cheese and a little flour; make into a smooth batter. Fry in spoonfuls in an omelet pan, with more butter than is generally used for pancakes. When fried, sprinkle with grated cheese; fold them and dish on a folded napkin.

Beef Cannelon.

Mix in a basin 1 pound of chopped uncooked beef, yolk of 1 egg, tablespoonful chopped parsley, 1 ounce chopped suet, 3 tablespoonfuls breadcrumbs, little lemon juice, little salt and dash of black pepper. Form into a roll, wrap in greased paper, put in a baking pan, bake in hot oven 40 minutes, basting well with melted butter. When done remove the paper, place the roll in the center of a hot dish and serve with brown sauce poured over it.

Suggestions for Coiffures and Millinery

MIDSUMMER HAT TRIMMED WHITH WHEAT & PEACHES. HAIR ORNAMENT, POSED BY MISS WALSH OF THE BEAUTY SPOT CO.

The smartest hairdressings are quite flat in effect, the towering aigrette or ostrich and marabout ornament being entirely superseded by the fillet, bandeau and odd, Egyptian-like discs called nenuphars.

This bandeau is of twisted gold braid, wound with fancy gold cords; gilt bead ornaments hold the strands together at the ends and in the center, over the parting of the hair. Gold tassels, hanging at either side of the back, complete the bandeau.

As to the hat, the harvest effect is the newest. In the beginning of the season we had baskets loaded with luscious fruit; now wheat, oats and other grains are the fad.

Wheat hats are graceful, too; sometimes the sheaves are arranged to fall, like showers over the sides while another style is to have them stand straight in imitation of aigrettes.

Oats and field flowers are combined artistically on this wide brimmed shape.

CARDINAL GIBBONS AGAIN HITS AT DIVORCE

Great Churchman Replies to the Views Expressed by Justice Brown.

Baltimore, Md., July 15.—Cardinal Gibbons in an interview yesterday replied to the remarks of former Supreme Court Justice Henry B. Brown on the subject of divorce before the Maryland Bar association at Old Point Comfort last week. The cardinal, after expressing his high esteem for the former justice, both as a citizen and a jurist, said:

"He is reported to have referred to the founder of the Christian religion as an 'idealist,' whose sentiments, while suitable to less favored times and circumstances, are not adapted to this enlightened age.

Christ's Teachings Used as Model.

"The learned jurist will permit me to say that the teachings of Christ have been the basis of all Christian legislation for nearly 2,000 years and continue to be the light and guide of hundreds of millions of souls. And there is no subject which he treats more fully and clearly than the question of marriage, which is the foundation stone of our family and social life.

"In three of the gospels he proclaims the unity of marriage and permits separation of a married couple only in the cause of adultery.

"I don't see why a law which has been enforced and cordially accepted in every age and country where Christianity dominates should be considered obsolete or impracticable in the United States."

Blames Lax Laws for Divorce.

The cardinal continued:

"Divorces are multiplied not because ministers willingly assist at ill-assorted marriages, but because loose legislation on matrimony renders it easy for married parties to annul the marriage bond.

"If the civil laws of all our states were as strict as they are in South Carolina and in Canada, the persons contemplating marriage would seriously and prayerfully reflect; they would study each other's dispositions and temperament before entering into a contract which would bind them for life. And certainly the peace and good order in the family life in South Carolina and Canada can be favorably compared with the domestic conditions existing in those states where divorces can be easily obtained."

BUSY CHILDREN ARE HAPPY.

A busy child, like an older person, is a happy one. Observation will show that the youngster who whines and is miserable either really has nothing to do or, having a task, pleasant or otherwise, is not obliged to do it. There will be not the least difficulty in getting a child to provide its own amusement if she or he is given disciplinary games when "don't know what to do" is said. When the small child first spoken of says this she is given an extra spelling lesson or something of the kind that requires real work on her part. She is seldom heard to make the plaint of having nothing, because she prefers to provide pleasant diversions rather than developing ones that will be set by her mother or nurse at the first indication of whining. Beside the good that is actually done to the child by teaching her to be resourceful in amusing herself, the mother is left more freedom to attend to other matters, and the two meet after a little time, each fresher for the hour or more they have been apart, each busy in her own way.

There's Health and Happiness

CHURCH'S FIGHT TO GET PROPERTY RENEWED

Deffenbaugh Heirs Sued by Swedenborgian Society at Marion.

Kokomo, Ind., July 15.—As a sequel to a litigation involving $60,000 for the possession of the property of the late G. W. Deffenbaugh, decided recently by the supreme court in favor of the contesting heirs, they were yesterday made defendants in an action brought by the New Church of the United States, with Rev. S. S. Seward, president of the conference, as the technical plaintiff, to recover the ownership of the Deffenbaugh Block, valued at $25,000, and one of the pieces of realty involved in the recent litigation.

Former Litigation.

The former litigation was to annul the will of the late Mr. Deffenbaugh upon grounds of mental unsoundness. The action was successful, benefiting his children, Azoria, Nativa Smith, wife of George H. Smith; Leone Grace Hansell, wife of Councilman Charles Hansell, and Wilbur Moore Deffenbaugh.

In this action they are made defendants to a complaint which charges that their father received in 1886 a deed from his brother, Lewis Deffenbaugh, to the lot on which the Deffenbaugh block, bearing the family name, stands. The structure was to be used, it is alleged, for the propagation of the doctrines of what is commonly known as the Swedenborgian church and a library was to be maintained to spread the "heavenly doctrines."

The plaintiff's contention is that George Deffenbaugh agreed to these matters in writing, but that his descendants have violated the conditions to which he agreed. In his will George Deffenbaugh left the bulk of his property to the church.

Subject to Delusions.

The instrument was a long and involved one, and was impeached upon the grounds that he was subject to delusions and monomania upon his religion. It was asserted that he believed he could go in spirit while yet in the body to the planet Mars; that his stone quarry was worth millions, contrary to fact, and that he believed he could attend meetings of the church board as a spirit. The supreme court refused to disturb the finding of the jury holding against the mental competency of the deceased. The heirs then took possession of the property.

The Deffenbaugh block is one of the most valuable assets of the entire holdings. The litigation has been of national import owing to the New Church of the United States being the beneficiary against the children of the blood.

HELIOGRAPH IN FORESTRY WORK

Interesting Experiments Are Soon to Be Made.

Washington, July 15.—In order to ascertain whether the heliograph can be successfully utilized in the national forests to report fires and transmit other messages in areas where there is no quick method of communication experiments will be made during the summer with instruments like those used in the United States army on the Kaniksu national forest in Idaho and on the Stanislaus forest in California. If satisfactory the heliograph will be used to supplement the telephone lines.

The German army numbers 5,000,000 men.

Great Results and Good Work Continues

Root Juice Has Proved Its Great Merit to Many.

Many people here, as elsewhere, are no longer incredulous, they are simply amazed at the results obtained from Root Juice. When the remedy was first introduced to this community and so many were being benefited by a few doses, it was generally thought that the medicine would only give temporary relief, but as the time passes and many that were ailing are no longer complaining, but are advising their sick friends to try Root Juice, confidence in the great medicine is becoming positive. Root Juice makes so many remarkable cures by removing a few causes and giving nature a chance. It tones and heals the stomach, bowels, liver and kidneys; it creates a healthy appetite, and by its toning action on the blood-making and blood-filtering organs, good, rich blood is made to nourish every weak part of the body. If your stomach, bowels, liver or kidneys are out of order, they will be pleased to tell you all about it at Bradley Bros.' drug store, just north of transfer corner in the Wagner building. Root Juice, $1 a bottle. It has proved all that is claimed for it.

CLOSE HOME SERIES WITH A GREAT RECORD

Nine Out of Thirteen With a Tie Game Against Zanesville.

With a victory over Wheeling yesterday Fort Wayne closed a most satisfactory home series in which the toil and struggle of pennant climbing was most nobly performed with a winning record of nine games while four were going to the discard and one was hooked up.

Three of the four teams played on the home lot were first division clubs and one has always been the Fort Wayne hoodoo and the grand struggle of our noble band of athletes is most pleasing to a band of as loyal fans as any base ball club on the circuit has, aye and then some.

Our warriors are up against a hard trip and an even break is more than can be expected. Those Potters play like wildfire on their own lot and then Mike Jacobs is going down there and it's a cinch the club will get all the close ones which is a big advantage. There are four games to play at Zanesville. This will be followed by three games against Wheeling, three against South Bend and three against Grand Rapids. This promises some tough going for Fort Wayne.

Before he left last night Manager Jack Hendricks gave Carl Glidewell his release because of the youngster's inexperience. He thought it would be a bad time in the race to put in a young pitcher and he took along Miller, Robertson, Hammond, Van Anda and Alberts. Harry Corns and Fremer were both left behind but they are on salary and can be called if they are needed.

Charlie Alberts looked good in the game yesterday and there was every indication that he had come back. He was wild the first of the season and then he has been ill but he felt fine yesterday and he passed only one man as Mike Jacobs passed the other on a strike. Heckinger is going fine and as long as he continues to throw to the bases the way he has he will be kept in the game unless he gets hurt. He watches the bags closely and while his hitting is a little below par he has a habit of hitting just when a hit is needed. Uhl does the same thing now and then. The most satisfactory change of the year, however, has been the switching of Channell to left. He is making good use of his speed out there and as a matter of fact he got more out of his sprinting abilities this trip than he has ever gotten.

Owner Claude H. Varnell left for Wheeling at 9 o'clock last night and will probably join the club at Zanesville and will be back in Fort Wayne when the team gets back on July 27, to open up with a game against the St. Louis Americans. Mrs. Hendricks left for Fox Lake, Wis., this morning and will visit there while the club is on the road.

CENTRAL LEAGUE NOTES.

This is the way the Dayton News views the situation: Manager Myers left the city Tuesday evening to do a little gum shoe work in the smaller leagues of eastern Ohio, Pennsylvania and West Virginia, and it is possible that he may not join the team for a week or two. His instructions were brief. "Go out and get some ball players," were the words uttered by the powers that be, and every fan is with the new magnates on this proposition. If ever a team needed them it is the aggregation which is representing this city at present, and there is nothing to do but hope for the best. Thank goodness, the Vets will never be able to get any worse.

Cady is playing first base for the Evansville team since the release of Spangler. The latter may hook up with South Bend as Ben Koehler and "Runt" Walsh are both out of the game.

Down at Zanesville the owners figure that a double-header is too much for one gate fee and they are said to be figuring on playing off postponements by scheduling one of the combats in the forenoon.

President Harry Stahlhefer is out with the announcement that he will not sign any new players. A slump in the attendance at Evansville has made it necessary to retrench and two salaries were cut off by letting Spangler and Ferrias go. The street car strike has been a bad thing for the champs and nearly every home game has been played at a loss.

Lee Foy, who played left field for South Bend last season, holds a rather unique record in having three put-outs at third base, while playing the outfield. All happened when the third baseman was playing in for a bunt with a man on first. He is at present out of the game for Canton of the O.-P. league with an attack of typhoid fever.

Mike Mullin, recently signed for the Dayton infield could not hit and his fielding was bad. Outside of that he was all right. Park Kennedy recommended him. Balenti has also been released by the Vet management.

Pitcher Brown, of the Grand Rapids team, has been sent to Portsmouth, O., which is another Columbus club.

Delay in taking Foley's Kidney Remedy if you have backache, kidney or bladder trouble, fastens the disease upon you and makes a cure more difficult. Commence taking Foley's Kidney Remedy today and you will soon be well. Why risk a serious malady? Dreier Bros.

CINCINNATI GETS BRENNAN.

Omaha, Neb., July 15.—Thomas McCarthy, of the Cincinnati National league team, has closed a deal with Holland, owner of the Wichita Western league team, for Pitcher Brennan. Brennan will not, it is said, join Cincinnati this season unless the team appears to have a chance for the pennant.

Delay in commencing treatment for a slight irregularity that could have been cured quickly by Foley's Kidney Remedy may result in a serious kidney disease. Foley's Kidney Remedy builds up the worn out tissues and strengthens these organs. Dreier Bros.

Three Old Fellows Who Have Done Their Share This Year to Make the Pittsburg Club a Success

"REED" CLARKE MANAGER, PITTSBURG

"HANS" WAGNER

TOMMY" LEACH, PITTSBURG'S NEW ACTING MANAGER

Wagner, Leach and Clarke Never Played Baseball any Better Than They Have During the Spring Months of 1909.

Young ball players, especially those who develop something like major league strength in the first season in which they have a chance to show what they can do, are fine acquisitions to any team. Yet they cannot always win championships, and it occasionally happens that the old fellows, after they have served four or five years with a nine, will suddenly take a notion in their heads to play the best ball in their careers and surprise everybody by the excellence of their work.

Something of that kind is happening in Pittsburg this season. There have been three men on the Pittsburg team who have stood well up at the top in professional base ball for many years, but they never have played better ball than they have played this year, and that is one reason why Pittsburg is at the top of the National league race and fighting to stay there.

Wagner always has been a great ball player. No matter if there were not another man on the Pittsburg team who could make any kind of a showing Wagner would give the team class. More than one capable critic considers him to be the best all around player in major league base ball and probably that estimate is right. As batter, base runner and fielder there is none who can equal him. There are some who are by no means bad in some one department of the game, but they aren't Wagners and good in everything, and even those who are reasonably good in everything are not as good as Wagner.

"Tommy" Leach has been a sort of a Pittsburg standby ever since he has been with the club, but this year he is playing as if some one had come along last Christmas and given him about ten more years lease of ball playing life. Perhaps he is better satisfied to be away from third base, a position which bothered him because his underpinning is not very strong and he was always in fear of being cut down.

Clarke has his good and bad years in base ball with great consistency. One season he couldn't make a base hit if his salary depended on it. This year he raps the ball as well or better than he ever did, and when he is going good he is one of the best men to handle a club in the National league circuit.

It is true that Barbeau and Miller have been of much assistance to the Pittsburg club this year, but when the real secret of the success of the organization is traced the fine work of Clarke, Wagner and Leach seems to be more than two-thirds responsible for it.

It's a good thing to have a little old blood around a professional base ball club if it is of the quality which flows in the veins of these famous athletes.

THE DETAILS AND THE STATISTICS.

With Bill Phillips in the box Wheeling was trimmed in the last game of the local series, making it three straight, in a game that came to an exciting climax when Mike Heckinger poled one of the crafty old hurler's straight ones to the flag pole, scoring McDermott who had been passed with one down. Charlie Alberts was in one of the best flinging moods and with excellent control of his fast and slow balls and his curves breaking nicely he should have had a shutout but for one of Mike Jacobs' bad guesses.

The battle went for seven innings without a run, although a bit of bad base running in the first on the part of "Dutch" Soffel helped Fort Wayne along. The German second-baser bumped one of Albert's shoots and it went down the right foul line. He thought he could take three bases on it, but Elston relayed the ball to Donahue who cut Soffel off at third.

In the fourth Tarlton beat a hunt and stole second, but Jacobs called him out, although Lindsay hadn't touched him yet. He evened up for Wheeling, however, in the seventh when with two and three Alberts split the plate for McKechnie with a fast straight ball, but Jacobs gave him a pass. He stole second and Bill Donahue scored him with a hit.

Bill Phillips wanted to make short work of it, so with two and nothing on Alberts in the eighth he tried to sneak a straight one over and the local hurler landed it for two sacks. Blount bunted and put him on third and with the infield playing in Frankie Donahue hit to right and tied the score.

Lindsay popped a fly to short to open the ninth and McDermott worked the old head for a pass. Uhl hit one nearly to the left field fence, but Tarlton got under it and then Mike Heckinger smashed one to the flag pole in center, one which the "Phillie Kid" romped over the rubber with the winning run. The score:

YOUNG WALKER HELD VETS TO FOUR BINGLES

Zanesville Beat Dayton in the Eighth—Stags and Benders Win.

Dayton, O., July 15.—Although Dayton got but four hits off Young Walker the Zanesville club had a hard time winning on account of the fast fielding of the Vets who supported Noah in great style. The game was won with two runs in the eighth. The score:

	R.	H.	E.
Zanesville	0 0 0 1 0 0 0 2 0—3	10	0
Dayton	0 0 0 0 0 0 1 0 0—1	4	1

Batteries—Walker and Holmes; Noah and Pearce.

Sacrifice hits—Houtz, Hillinger, Myers. Struck out—By Noah, 3; by Walker, 5. Bases on balls—Off Noah, 4. Wild pitch—Noah. Time of game—1:25. Umpires—Gardner, Neuschafer and Ed Walker.

GRAND RAPIDS, 8; TERRE HAUTE, 1.

Grand Rapids, Mich., July 15.—Terre Haute hit Webb harder than Grand Rapids hit Bemis, but the Stags were lucky in bunching their hits with errors in the two first innings when they got enough runs to win the game. The score:

	R.	H.	E.
Grand Rapids	4 3 0 0 0 0 1 0 *—8	7	0
Terre Haute	0 0 0 0 0 0 1 0 0—1	8	2

Batteries—Webb and Clark; Bemis and Goes.

Stolen bases—Raidy, McNiece. Sacrifice hits—Raidy, DeHaven. First base on balls—Off Webb, 1; off Bemis, 4. Two-base hit—Kehoe. Three-base hits—McDonald, McNiece. Struck out—By Webb, 10; by Bemis, 1. Wild pitch—Bemis. Passed ball—Goes. Time of game—1:25. Umpire—Killen.

SOUTH BEND, 5; EVANSVILLE, 2.

South Bend, Ind., July 15.—Moffitt had one bad inning in which he allowed Evansville to score two runs, but after that he settled down and went through in great shape and South Bend won 5 to 2. The score:

	R.	H.	E.
South Bend	2 0 1 0 0 1 1 0 *—5	7	1
Evansville	0 2 0 0 0 0 0 0 0—2	5	3

Batteries—Moffitt and Wells; Covington and Grefe.

Stolen bases—Dundon, Sager, Core. Sacrifice hits—Tieman, Core, Claffly, Coffey. Struck out—By Moffitt, 7; by Covington, 1. Three-base hit—Crowder. Two-base hit—Cady. Hit by pitched balls—By Covington, 3. Passed ball—Grefe. Bases on balls—Off Moffitt, 1; off Covington, 5. Left on bases—South Bend, 8; Evansville, 4. Time of game—1:38. Umpire—Chill.

IN THE SHAMROCK FOLD.

"China" Baker, former Shamrock player, who is now with Bluffton, won a seventeen-inning game for his team yesterday by a home-run drive. The score was 1 to 0. Huntington was the opposing club.

The first game in the double-header at League park next Sunday will be called at 2 o'clock. The matinee will be worth seeing, as the visiting team, New Castle, is one of the strongest salaried independent teams in the business. The Shamrocks are going fine, and will fight hard to get both games.

HOW TO CURE SKIN DISEASES.

The germs and their poisons which cause the disease must be drawn to the surface of the skin and destroyed. Zemo, a scientific preparation for external use, will do this and will positively cure Eczema, Pimples, Dandruff and every form of skin or scalp disease. See photos of many remarkable cures and show case or window display at Meyer Bros. Co. Three Drug Stores. Ask for sample.

PIRATES REPEAT IN SECOND AGAINST DODGERS

Brooklyn Wobbly Behind Rucker's Pitching—The National.

Brooklyn, N, Y., July 15.—Pittsburg made it two straight, beating Brooklyn easily, 7 to 2. Phillippi did not issue a pass and received perfect support. The fielding behind Rucker was wobbly and his passes were costly. The score:

	R.	H.	E.
Pittsburg	2 0 0 2 0 2 0 0 1—7	7	0
Brooklyn	0 0 0 2 0 0 0 0 0—2	9	3

Batteries—Phillippi and Gibson; Rucker and Bergen and Marshall.

Two-base hits—Wagner, Miller, Lennox, Lumley. Home run—Miller. Double plays—Hummell to McMillan to Jordan; Wagner to Storke; Wilson to Storke. First base on balls—Off Rucker, 3. Struck out—By Rucker, 4; by Phillippi, 5. Time of game—1:35. Umpire—O'Day.

CHICAGO, 8; BOSTON, 2.

Boston, Mass., July 15.—The game was hotly contested up to the ninth inning, when Chicago scored five runs, winning easily, 8 to 2. The score:

	R.	H.	E.
Chicago	0 0 0 2 0 0 0 1 5—8	10	1
Boston	0 0 0 0 0 0 2 0 0—2	7	6

Batteries—Brown and Archer; Tuckey, More and Graham.

Two-base hits—Beaumont, Steinfeldt. Hits—Off Tuckey, 6 in 8 innings; off More, 4 in 1 inning. Sacrifice hits—Archer (2), Schulte. Double play—Brown and Chance. Bases on balls—Off Brown, 1; off Tuckey, 1; off More, 1. Struck out—By Tuckey, 2; by Brown, 5. Time of game—1:57. Umpires—Kane and Klem.

ST. LOUIS, 6-11; PHILADELPHIA, 4-2.

Philadelphia, Pa., July 15.—St. Louis won both games of a double-header from Philadelphia. Score first game:

	R.	H.	E.
St. Louis	0 0 0 0 4 0 0 0 0 2—6	12	1
Philadelphia	0 1 0 0 1 0 0 0 2 0 0—4	9	1

Batteries—Moore, Covaleskie and Doolin; Harmon and Phelps.

Two-base hit—Titus. Three-base hit—Konetchy. Hits—Off Moore, 7 in 9 innings; off Covaleskie, 5 in 2 innings. Sacrifice hits—Covaleskie, Byrne (2). Stolen bases—Bransfield, Delehanty, Hulswitt, Magee (2). Double play—Doolan to Knabe to Bransfield. Bases on balls—Off Moore, 1; off Harmon, 7; off Covaleskie, 3. Struck out—By Moore, 10; by Covaleskie, 2; by Harmon, 1. Passed ball—Doolin. Wild pitch—Harmon. Time of game—2:40. Umpire—Emslie.

Score second game:

	R.	H.	E.
Philadelphia	0 1 0 0 0 1 0 0—	2	9	5
St. Louis	2 4 0 2 0 0 1 2—11	11	1

Batteries — Sparks, Foxen, VanDuke, Brown and Martell; Lush and Bresnahan.

Two-base hits—Titus, Bransfield, Magee. Three-base hit—Delehanty. Hits—Off Sparks, 5 in 1 inning; off Foxen, 1 in 2-3 inning; off VanDyke, 1 in 2 1-3 innings; off Brown, 4 in 4 innings. Sacrifice hit—Konetchy. Stolen bases—Byrne (2), Ellis, Bresahan, Konetchy (2), Evans. Double play—Charles to Konetchy. First base on balls—Off Sparks, 1; off Foxen, 2; off VanDyke, 3; off Brown, 7. Hit by pitcher—By Brown, Charles. Struck out—By Foxen, 1; by Brown, 1; by Lush, 2. Passed balls—Martell, 2. Wild pitches—Foxen, Brown. Time of game—1:50. Umpire—Emslie.

NEW YORK, 5; CINCINNATI, 4.

New York, July 15.—New York defeated Cincinnati, 5 to 4, in a ten-inning game. The score:

	R.	H.	E.
Cincinnati	1 0 2 0 0 0 0 0 0 1—4	7	2
New York	0 0 0 0 2 1 0 0 0 2—5	10	1

Batteries—Spade, Gasper and McLean; Raymond, Wiltse and Schlei.

Three-base hits—Bridwell, Downey, McCormick. Home run—Bescher. Sacrifice hits—Egan to Hoblitzel. Stolen bases—Bridwell, Murray (2), Bescher (2). Double plays—Doyle to Bridwell to Tenney; Bridwell to Doyle to Tenney. Struck out—By Raymond, 2; by Wiltse, 4. Bases on Balls—Off Raymond, 3; off Spade, 4; off Gasper, 1. Hit by pitched ball—By Raymond, 1 (Bescher). Hits—Off Spade, 5 in 4 2-3 innings; off Gasper, 5 in 5 1-3 innings; off Raymond, 5 in 6 innings; off Wiltse, 2 in 4 innings. Umpires—Johnstone and Rigler. Time of game—2:13.

ATHLETICS LOSE TO NAPS IN LONG BATTLE

Single and Triple Beat Philadelphia—The Other Games.

Cleveland, O., July 15.—Cleveland again defeated Philadelphia in a twelve-inning game, winning 4 to 3. The winning run was scored on Young's single and Turner's triple. The game was featured by the most brilliant fielding of the year, Ferring, Murphy and Baker excelling. The score:

	R.	H.	E.
Cleveland	0 3 0 0 0 0 0 0 0 0 0 1—4	10	3
Philadelphia	0 2 0 0 0 1 0 0 0 0 0—3	8	1

Batteries—Young and Easterly; Coombs and Thomas.

Two-base hits—Hinchman, Birmingham, Flick. Three-base hits—Turner, Davis. Sacrifice hits—Ganley, Birmingham, Collins. Stolen bases—Baker, Oldring, Stovall, Ball. Double play—Easterly to Ball. Bases on balls—Off Young, 1; off Coombs, 1. Hit by pitcher—By Coombs, 1 (Hinchman). Struck out—By Young, 5; by Coombs, 1. Time of game—1:28. Umpires—Egan and Connolly.

NEW YORK, 4-2; CHICAGO, 3-8.

Chicago, Ill., July 15.—New York and Chicago broke even. New York won the first game, 4 to 3, through wildness on the part of Chicago in the second inning. The second game went to Chicago, 8 to 2. Score first game:

	R.	H.	E.
Chicago	0 0 0 0 0 0 0 0 3—3	6	4
New York	0 3 0 0 1 0 0 0 0—4	12	0

Batteries—Fiene and Sullivan; Hughes, Lake and Kleinow.

Stolen base—Dougherty. Two-base hits—Altizer, Tannehill, Laporte (2), Cree, Kleinow, Isbell, Dougherty. Sacrifice hits—Parent, Engle, Kleinow, Austin. Double plays—Fiene to Isbell to Sullivan; Tannehill to Purtell. Innings pitched—By Hughes, 8 1-3; by Lake, 2-3 of an inning. Hits made—Off Hughes, 6; off Lake, none. Struck out—By Fiene, 3 (Chase, Hughes, Knight); by Hughes, 3 (Fiene, Isbell, Purtell). Bases on balls—Off Hughes, 2. Wild pitch—Lake. Time of game—1:58. Umpires—O'Loughlin and Hurst.

Score second game:

	R.	H.	E.
Chicago	1 0 0 1 0 0 5 1 *—8	10	1
New York	0 0 0 0 0 0 0 0 1—2	6	3

Batteries—Scott and Owens; Lake and Kleinow and Sweeney.

Stolen bases—Parent, Dougherty (2), Isbell, Tannehill. Two-base hits—Dougherty, Atz, Parent. Three-base hit—Lake. Sacrifice hits—Austin, Parent, Atz, Altizer, Isbell. Struck out—By Scott, 4 (Cree, Lake, Laporte, Kleinow); by Lake, 5 (Isbell, Dougherty, Scott, Owens 2). Bases on balls—Off Scott, 4; off Lake, 1. Passed ball—Kleinow. Time of game—1:56. Umpires—Hurst and O'Loughlin.

TO TRY TO BEAT 58 SECONDS.

Jack Smith Will Endeavor to Lower Oldfield's Record Here.

The Fort Wayne Auto Dealers' association has closed a proposition with Jack Smith, the noted winner of last year's Vanderbilt cup race, to appear here as the headliner in the auto races at the Driving park track on the 31st. Smith says that he can beat Barney Oldfield's record of 58 seconds on the local mile track and that will be his main purpose in coming to this city. He will have with him a man named Drown who also has taken numerous prizes in auto races. Smith drove a Mercedes car in the Vanderbilt race but here he will be behind the steering wheel of a Frayer-Miller car.

Everyone would be benefite by taking Foley's Orino Laxative for stomach and liver trouble and habitual constipation. It sweetens the stomach and breath, gently stimulates the liver and regulates the bowels and is much superior to pills and ordinary laxatives. Why not try Foley's Orino Laxative today? Dreier Bros.

BREWERS BAT THREE PITCHERS HARD AND WIN

Milwaukee Takes Closing Game from Minneapolis—The Scores.

Minneapolis, Minn., July 15.—Milwaukee batted three Minneapolis pitchers at will and won the last game of the series 8 to 2. The score:

	R.	H.	E.
Minneapolis	1 1 0 0 0 0 0 0 0—2	8	2
Milwaukee	2 6 0 0 0 0 0 0 0—8	14	1

Batteries—Wilson, Patterson, Berger and Block; McGlynn and Moran.

Two-base hits—Pickering, O'Neill, Moran, Clark. Stolen bases—Downs, Robinson. Sacrifice hit—Clark. Double plays—Collins to Downs to Gill; Gill to Oyler; McCormick to Robinson to McGann. Hits—Off Wilson, 6 in 3 1-3 innings; Oberlin, 2 in 1 1-3 innings; Patterson, 6 in 4 1-3 innings. Struck out—By Wilson, 1; by Oberlin, 2; by Patterson, 1; by McGlynn, 2. Bases on balls—Off Wilson, 2; off Oberlin, 2; off Patterson, 0; off McGlynn, 2. Time of game—2:10. Umpires—Conahan and Hayes.

LOUISVILLE, 9; COLUMBUS, 2.

Louisville, Ky., July 15.—Louisville batted Durham hard and won the fourth straight game of the series from Columbus with ease. The score:

	R.	H.	E.
Louisville	2 0 0 0 0 4 0 3 *—9	11	3
Columbus	0 1 0 0 0 1 0 0 0—2	4	4

Batteries—Hogg and Hughes; Durham and Schreck.

Stolen bases—Sullivan, Delehanty, Tate, Woodruff. Sacrifice hits—Dunleavy, Tate. Two-base hit—Sullivan. Double plays—Dunleavy to Tate; Durham to Odwell; Friel to Nee to Odwell; Sullivan to Olson to Tate. Struck out—By Hogg, 2. Bases on balls—Off Hogg, 3; off Durham, 2. Hit by pitcher—Hughes. Wild pitch—Hogg. Time of game—1:35. Umpires—Eckman and Owens.

KANSAS CITY, 3; ST. PAUL, 1.

St. Paul, Minn., July 15.—Kansas City bunched the hits with St. Paul and made it three out of five in the series. The score:

	R.	H.	E.
St. Paul	0 0 0 0 0 0 0 0 1—1	7	2
Kansas City	2 0 0 0 0 1 0 0 0—3	5	0

Batteries—Leroy and Carisch; Dorner and Ritter.

Two-base hit—O'Brien. Stolen bases—Murray, Davis. Double plays—Bolles to Brashear to Sullivan; Brashear to Bolles to Sullivan. Bases on balls—Off Dorner, 3. Struck out—By Leroy, 4; by Dorner, 3. Passed ball—Ritter. Sacrifice hits—Shannon, Hall. Time of game—1:45. Umpire—Sullivan.

TOLEDO, 7; INDIANAPOLIS, 2.

Indianapolis, Ind., July 15.—Toledo made a clean sweep of the series by defeating Indianapolis. The score:

	R.	H.	E.
Toledo	0 0 4 0 3 0 0 0 0—7	5	2
Indianapolis	0 0 0 1 0 0 0 0 1—2	10	4

Batteries—West and Abbott; Cheney and Howley and Shaw.

Two-base hits—Hickman, Carr, Cheney. Double play—Nill to Freeman. Struck out—By Cheney, 7; by West, 3. Passed ball—Howley. Bases on balls—Off Cheney, 4. Time of game—1:50. Umpire—King.

"Made for the People, Made by the People, Answerable to the People"

This motto is singularly appropriate for The People's Trust and Savings Company. The home of the Company is in its beautiful new building at 913-915 Calhoun Street. It has fitted this home with every appliance that will contribute to the safety and accommodation of the People. Its new vault is the strongest that could be made. It is burglar proof, fire proof, mob proof, and is guaranteed to withstand fires or earthquakes. Boxes for safe keeping of valuable papers may be rented at $2 per year. The People are cordially invited to call and examine this new building and vault, whether they have business to transact or not.

REMEMBER

The People's Trust & Saving Company

Loans money at 6% and pays 4% to its depositors.

Northern Indiana News and Gossip

Irvin R. Meek, of Silver Lake, 68, was badly bitten upon the hand by a vicious dog.

Harry Haas, of Avilla, has been appointed to a scholarship at Purdue university.

Five saloons will remain in business at Elkhart until the expiration of their license on November 2.

William T. Cook, aged 79, and Anna E. Ammerman, 74, were united in marriage Tuesday at the court house in Marion.

Willis E. Sawyer, who was county surveyor in Noble county, has also been elected city civil engineer at Kendallville.

Paul Webster, a Peru boy of 13, is dead from lockjaw which followed an injury to his hand from the discharge of a toy pistol.

Alfred Fulton, a Huntington young man, was crushed to death Wednesday afternoon while at work in a lime manufacturing plant at Portland.

George Nidlinger, for many years a resident of Adams county, is dead at Decatur. He was a brother of John Nidlinger, well-known stockman.

Miss Margaret Stanley, of Logansport, received an electric shock which rendered her unconscious when she attempted to turn on an electric light.

Henry Gerke, conductor on the Fort Wayne-Decatur interurban line, dropped a bread box on his foot three weeks ago. Blood poison has developed.

Alva Steinbarger, near Wolcottville, left for a few moments the team with which he was cutting wheat, and the horses ran away and ruined a self-binding harvester.

Otis Flowers, who escaped from the Lagrange jail where he was confined on a charge of horse-stealing, was captured Wednesday morning at his home south of Elkhart.

Charles Gretzinger, near Albion, cut a frightful gash in his leg while trimming a hedge fence at his home. He was unconscious from loss of blood when he was found some time later.

Mack Reed, an epileptic, fell from a ladder on which he was standing picking cherries at the home of Fremont Folk, in Scott township, Steuben county, Tuesday, and was instantly killed.

Kosciusko county banks object to their assessment on a basis of 85 per cent of capital stock, surplus and undivided profits, and will appeal to the board of state tax commissioners for a reduction.

Elmer Dillman, 24 years old, was drowned in Little Turkey lake, Milford township, Lagrange county, Tuesday evening, when the boat in which Dillman and companions were rowing on the lake capsized.

Dr. L. W. Tennant, a prominent Larwill physician, was acquitted by a jury in a justice court at South Whitley of the charge of running his automobile faster than the speed limit of eight miles an hour.

Mrs. James M. Furrow is dead at Wabash at the age of 85 years. She was wedded in Fort Wayne more than sixty years ago after a courtship of but six weeks by Mr. Furrow whom she met while visiting in Fort Wayne.

Miss Alma Leckrone, of North Manchester, has created a tremendous sensation by filing paternity charges against Clyde O. Bashore three days after he had wedded another. Bashore denies his guilt and will fight the case.

Attorney James H. State, in a speech before the Industrial club, declared that Elkhart "is just about as sloven a city for its size as any I have ever seen." He was assailing the prevalence of hitch-racks and their accompanying unsanitary conditions.

Mrs. Daniel Brumbaugh was so badly injured in a fall from a cherry tree at Bakertown, Noble county, that her recovery is a matter of grave doubt. Mrs. Brumbaugh stepped upon a rotted limb of the tree which gave way with her. She is 60 years of age.

Wilbur Hall, an all round mechanic at Ligonier, who in the past has demonstrated his ability by constructing organs, pianos, lawn mowers, bicycles and even automobiles, now intends to try his luck at building an airship with which he hopes to outdo the famous Wright brothers.

A gasoline stove in the house of Clayton Hinkley, at Lagrange, exploded setting the house on fire and doing $250 damage before being extinguished by some men who where painting near by. Mrs. Hinkley was at work in the house, but escaped injury.

If people with symptoms of kidney or bladder trouble could realize their danger they would without loss of time commence taking Foley's Kidney Remedy. This great remedy stops the pain and the irregularities, strengthens and builds up these organs and there is no danger of Bright's disease or other serious disorder. Do not disregard the early symptoms. Dreier Bros.

TWENTY-FIVE YEARS AGO

What the Sentinel Had to Say About Persons and Events Twenty-Five Years Ago.

Glass works may be erected in this city.

Horses are very dear now, and good animals can't be purchased at all. The supply about here is exhausted.

Moellering & Beverforden, the Fort Wayne contractors, are building a large school house at Newcastle, Henry county.

Dr. J. S. Irwin will go to Boston this month to select a successor to Miss Susan Fowler, who has resigned her position as teacher of art in the high school.

Marshal Meyer will sell impounded hogs July 21. Jesse Patton will be the orator of the occasion, and eloquently point out the good features of the porkers.

The young ladies of the Catholic congregations of the city will shortly present the St. Bernard branch, Catholic Knights of America, with a handsome silk banner.

The city council last evening empowered the chief of the fire department to employ five minute men to do the work of the Alert hook and ladder truck, because the members of that company will not turn out.

The democrats will ratify tonight at the court house, and a grand time is expected. The first voters will parade to the court house from their ward headquarters, and it will be one of the biggest political gatherings in the history of the city.

The democratic young men of the First, Second, Third and Fourth wards held a meeting last evening in Lindemann's hall and organized an immense club, which will turn out tonight in uniform. James M. Robinson was elected president; James F. Kane, vice president; Will Miner, captain; John A. Maier, first lieutenant.

The first voters of the Sixth ward met last night and effected a fine organization which will be sure to make itself felt during the campaign. The following officers were elected: President, F. J. Woulfe; vice president, D. M. McCarthy; secretary, M. J. O'Connor; treasurer, Will Tagtmeyer; captain, L. F. Schutt; first lieutenant, A. L. Markey; second lieutenant, N. L. McNulty; sergeant, P. T. O'Brien.

In Just Five Months

WYETH'S SAGE AND SULPHUR HAIR RESTORER

Grew a Full Growth of Hair On a Bald Head

Here's the Proof

For two or three years my hair had been falling out and getting quite thin, until the top of my head was entirely bald. About four months ago I commenced using Sage and Sulphur. The first bottle seemed to do some good and I kept using it regularly, until now I have used four bottles. The whole top of my head is now fairly covered with hair and it keeps coming in thicker. I shall keep on using it a while longer, as I notice a constant improvement.

STEPHEN BACON,
Rochester, N. Y.

STATE OF NEW YORK, County of Monroe } ss.

Stephen Bacon, being duly sworn, says that he has read the statement above annexed and that the contents of said statement are true.

STEPHEN BACON.

Sworn to before me this 31st day of July, 1902.

HENRY W. HALL, Notary Public.

The birthright of every man, woman and child—a full, healthy head of hair. If your hair is falling, if it is full of dandruff, or if it is faded or turning gray, **it is diseased** and should be looked after without delay.

WYETH'S SAGE AND SULPHUR HAIR RESTORER, a true Hair Tonic and Restorer, removes dandruff in a few days, stops hair falling in one week, and starts a new growth in a month.

IT IS NOT A DYE

and does not soil the skin nor injure the hair; but it is an ideal hair dressing that **will restore faded and gray hair to natural color** and keep the hair soft and glossy.

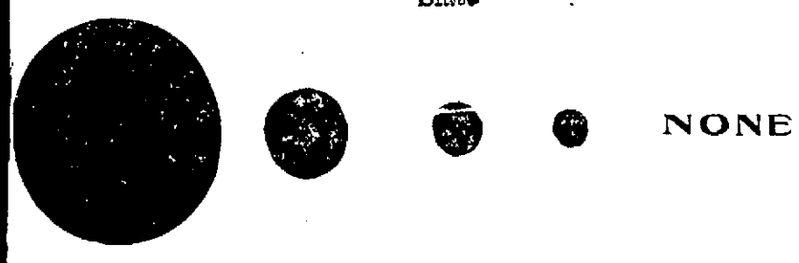
OUR SCULLY ANTHRACITE COAL

Heat	Ash	Bone AND Slate	Moisture	Clinkers
				NONE



Has more heat, less ash, less bone and slate, less moisture and no clinkers. This means you have more coal in a ton, because more of our coal goes to heat—not to ashes, clinkers, bone and slate.

Compare This With the Other Side

Chemical Laboratory
University of Buffalo.
24 High Street
HERBERT W. HILL, Ph. D.
Analytical Chemist and Assayer.
Telephones.

Chemist to the City of Buffalo.

BUFFALO, N. Y., March 26, 1909.

W. J. Scully,
Detroit, Mich.

Dear Sir:

The sample of coal sent me for analysis has been examined with the following results:

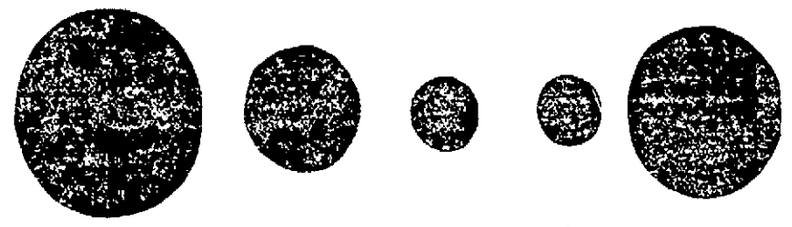
	PER CENT.
Moisture	1.22
Volatile Combustile	7.75
Fixed Carbon	84.41
Ash	6.62
Sulphur	0.78

This is a typical anthracite coal.

Your truly,
HERBERT W. HILL.

Average Hard Coal

Heat	Ash	Bone AND Slate	Moisture	Clinkers
1-12 Less	⅓ More	50 P. C. More	100 P. C. More	You Know



Less heat, more ash, more bone and slate, more moisture and clinkers (none in our coal), means that instead of getting $7 to $8 worth of coal you are paying at the rate of $7 to $8 for more ashes, bone and slate, moisture and clinkers which you throw away and get nothing for.

Compare This With the Other Side

The Above Is An Analysis the City of Buffalo Made of Our Coal

What coal was awarded the contract by the City of Buffalo for 15,000 tons? OURS. WHY?

KNOCKS—What the other fellow says and who the other fellow is—did not concern the City of Buffalo; they were out to buy the BEST COAL for the LEAST MONEY (and we can show hundreds of others.) They had to be shown. They burned it; they analyzed it. Result: Pound per pound of our coal went farther than any of the others. Heat for heat our coal has more in a ton than any other.

OUR COAL GOT THE CONTRACT

This is the coal we want to sell you. It's the man who wants to buy the best coal cheap, that we want. You can see our coal burning at our yard. There are no clinkers and less bone and slate in SCULLY HARD COAL than any other. Our coal all burns up. There is less moisture, as our coal is not washed and water-soaked at the mines "to make it look nice."

You, when buying our coal, get full burning values and our scales weigh coal—not water and coal—only to have the water dry out, leaving you hundreds of pounds short, depending on your requirements, when you start burning and using it. If you want your coal wet down we do it after first weighing it.

Ask your regular coal man about our coal. Here's what he'll tell you:

"It isn't hard coal. It's semi-anthracite." (No such word.)

Anthracite coal means hard coal. LOOK at the above analysis. In the bottom corner it says:

"This is a typical anthracite coal."

Would the chemist of the City of Buffalo and head chemist of one of the largest colleges or universities make a statement of this kind if it weren't so?

Then why does your dealer say it? Because he can't sell his hard coal at a profit and meet the price we will sell you. How can we sell YOU so cheap? Because WE ARE INDEPENDENT. No combine or association of coal men tells us at what price we can sell our hard coal.

WE CONTROL the output of an independent mine and we sell more coal direct to the consumer than any other concern. It's the great volume we sell that makes us money. What do we mean?

If we were only selling coal in your city, in order to make expenses we would have to get a big profit. We, through our agents, sell in hundreds of towns and cities.

Your dealer will tell you that he will give you a coal better than ours for less money; that it comes from a mine next to ours; that our coal is dull; that he will trust you for two or three months and that we don't, as our business is cash. The best he has is no better. WHY didn't the City of Buffalo buy it? They bought OURS, because it was the BEST. Your dealer will substitute a soft coal. Because they tell you a coal is next to ours, don't think they are telling you the truth. To sell them a carload of coal any coal salesman will tell them that. What does any retail man know about mines? Ask them were they ever at our mines and where our mine is located. I'll tell you; it's mined in Pennsylvania, where all hard coal is mined, not a West Virginia anthracite, or just as good as somebody else's, but the BEST.

The reason we use the City of Buffalo contract is that all grades of anthracite coal were tested there, and they fought hard to keep us out, but quality and merit WON, and that's our coal.

If they offer to substitute tell them to give you what they have been giving; otherwise they are trying to HUMBUG you. Our coal is dull, and the best hard coals are the dull variety. In the east dull coal brings a higher price than the bright, "shiny" (the shine doesn't burn) coal. We are the only people selling as good as you ever got at a lower price.

Come down to the office and see it burn or phone us and we will send you a sample. Remember, our coal all burns up—no clinkers—and the reason we sell for cash is that our margin of profit is small.

We do not make the man who does pay his bill help pay for the man who doesn't. We give honest service, weight and quality to all. The proof of the matter is the burning of the coal. You will find it gives more heat, as it has more heat units than any other coal.

LEAVES HIS PALACE FOR A CELL IN PRISON

New Orleans Banker Makes Confession of Stealing $100,000.

New Orleans, La., July 15.—Occupying a prison cell today instead of his palatial home in State street, where he was arrested last night on the charge of forgery and defalcation, Wyatt H. Ingram, Jr., for the past six years trust officer of the Hibernia Bank and Trust company, of New Orleans, will probably be given an opportunity to furnish bond today.

According to statements of officers of the Hibernia bank and from the district attorney's office Ingram made a complete confession of misappropriating the bank's funds in the sum of approximately $100,000 and of forging the name of a depositor to a check for $5,000. Other fraudulents he is quoted as declaring he committed were executed by means of vouchers which he, as trust officer, drew against inactive accounts on the exchange clerk and for which he then secured cashiers checks. Speculation in stocks and bonds is ascribed as the cause of Ingram's downfall.

Said to Have Swallowed Drug.

It is said that when Ingram heard the detectives downstairs he swallowed a drug in an endeavor to destroy himself. He was found in his underclothing and partly unconscious, but was revived. Earlier in the day Ingram was found unconscious a block from his home at the entrance to Audubon park, and it is said that he had then swallowed a drug.

Ingram Tuesday confessed to Vice President Poole of the bank that he had defaulted for more than $100,000. Irregularities were discovered by Mr. Poole in the day's returns of Ingram, and the confession came when Ingram was asked to explain the discrepancy.

Known as Lavish Host.

It is said that Ingram was on the wrong side of the cotton market and that he has been losing heavily for the last month. Six months ago he was married to Miss Lillie B. Post, a social favorite, and began entertaining on a large scale. He was a prominent member of several clubs and particularly interested in yachting.

Ingram came here six years ago from Henderson county, Kentucky, where several relatives reside. His parents are spending the summer at a resort near Baltimore.

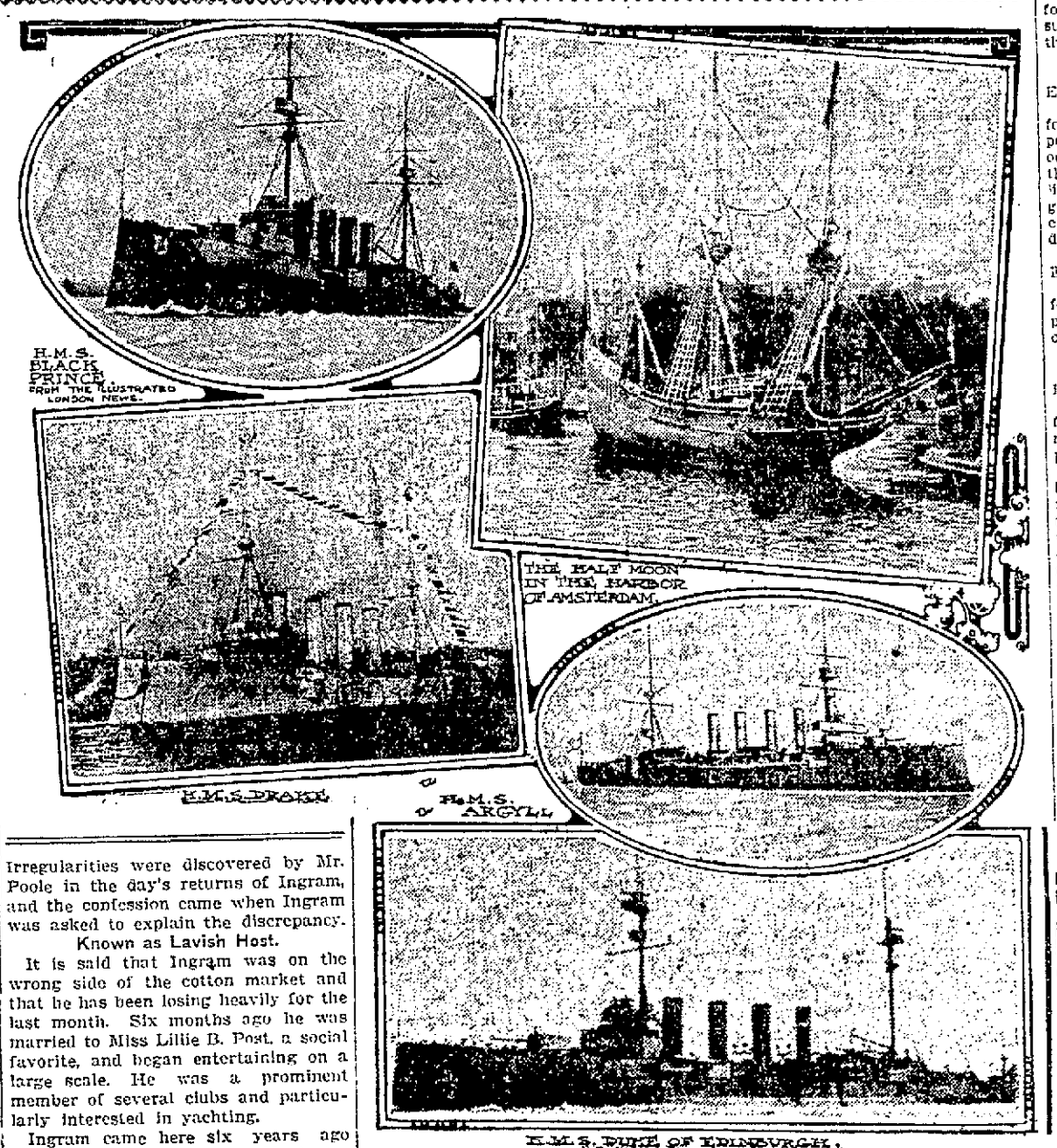
Charged With Forgery.

An additional charge of forgery was placed against Ingram last night, it being alleged that he forged the signature of George C. Hauser, manager of the Southern Cotton Oil company, to a check for $5,000.

John J. Gannon, president of the Hibernia bank, left Tuesday for New York, from which port he intended to sail Saturday for a tour of Europe. A telegram last night intercepted Mr. Gannon at Cincinnati, and he will return home.

The shortage is covered by a bond issued by the Fidelity and Casualty company of Baltimore. Ingram was placed in a cell last night, but is expected to give bond today. He is 36 years old.

HENDRIK HUDSON'S HALF MOON AND BRITISH SQUADRON TO TAKE PART IN FULTON CELEBRATION.



H.M.S. BLACK PRINCE FROM THE ILLUSTRATED LONDON NEWS.
THE HALF MOON IN THE HARBOR OF AMSTERDAM.
H.M.S. DRAKE
H.M.S. ARGYLL
H.M.S. DUKE OF EDINBURGH.

New York, July 15.—The Holland-American line steamship Soestdyk is on its way from Rotterdam to New York, carrying on board the ship Half Moon, an exact reproduction of the vessel in which Captain Hendrik Hudson first sailed up the Hudson river and which is being sent by the people of the Netherlands to take part in the coming Hudson-Fulton celebration in New York as a token of the good-fellowship that exists between that country and this.

An attractive feature of the Hudson-Fulton celebration will be the Half Moon. The vessel is built of heavy oak timber, with the high poop and long nosed prow, which are now seen only in ancient prints of the Dutch and Spanish galleons. She is of about eighty tons displacement, 63 feet in length and 18 feet beam. She draws 7½ feet of water and carries a crew of twenty men.

Coincident with the departure of the Half Moon, as freight, comes word from London that the British navy has designated the fifth cruiser squadron to attend the celebration, that will begin September 25 and continue to October 9.

The squadron, consisting of four vessels, the Drake, the Argyll, the Duke of Edinburg and the Black Prince, will be under command of Rear Admiral Frederick T. Hamilton, who will act in the capacity of official representative of King Edward's government at the coming memorial functions. All of the ships are of the armored cruiser class and, with the exception of the Drake, have been recently put into commission, so that they represent the more modern type of British naval construction.

POLITICAL ANNOUNCEMENTS.

FOR MAYOR.

Editor Sentinel:
Kindly announce that I am a candidate for the democratic nomination for mayor, subject to the decision of the voters at the primary.
HENRY P. SCHERER.

Editor Sentinel:
Kindly announce that I am a candidate for the nomination for mayor at the impending nominating primaries of the democratic party. I have always championed the cause of municipal ownership of public utilities, as well as an honest, progressive, economical administration of city affairs and shall ever continue to do so.
AUGUST M. SCHMIDT.

Editor Sentinel:
Kindly announce that I am a candidate for the nomination for mayor at the impending nominating primaries of the democratic party.
ALBERT E. MELCHING.

Editor of Fort Wayne Sentinel:
Will you please announce my candidacy for the nomination for mayor to the nominating primaries of the democratic party.
If nominated and elected I will use my best endeavor to complete and perfect the municipal lighting plant for the benefit of all our people as now is our water works. I am likewise in favor of track elevation under the present law, the enforcement of all laws, and the city beautiful.
CHARLES M'CULLOCH.

Editor Sentinel:
Kindly announce that I am a candidate for the nomination for mayor at the impending nominating primaries of the republican party.
JESSE GRICE.

Editor Sentinel:
Please say that I am a candidate for mayor, subject to the republican primary, July 23rd, and I am pledged to the following propositions, viz: Force the saloonkeepers to obey and respect the law absolutely. Destroy the blind tigers and wine rooms. Put the gamblers out of business. Place a close restriction on other forms of vice. See to it that we have cleaner and better streets. Perpetuate our water works system. Push track elevation. Make Fort Wayne the best lighted city in Indiana. Extend commercial lighting. Devoted to public playgrounds and a greater and more beautiful Fort Wayne.
BENJ. W. SKELTON.

POLICE JUDGE.

Editor Sentinel:—Please announce that I am a candidate for the office of judge of the city court of Fort Wayne, subject to the decision of the democratic primaries when held.
A. LOUIS GRIEBEL.

Editor Sentinel:
Please announce that I am a candidate for the office of judge of the city court of Fort Wayne, subject to the decision of the democratic primaries when held.
H. WAVELAND KERR.

Editor Sentinel:
Please announce that I am a candidate for the office of judge of the city court of Fort Wayne, subject to the decision of the democratic primaries when held.

Fly Season is Open; Put in Your Screens

Doctors say the common house fly carries 100,000 germs around with it, leaving its trail of filth and disease.

Those who put in their screens promptly will be taking the best precautions against having disease germs introduced into their homes by flies.

There is no doubt that flies and other insects transmit these germs and that some of them find their way into food and drink, causing sickness.

By supplying your house with our Wheeler Screens and our Continental Screen Doors you can rest assured that you have used the best precautions to prevent these disease germs entering your home, office or store building.

Do not delay, but come and see us about it.

PASSENGER TRAIN IN CROSSING SMASH AT KALAMAZOO

Went Into Switch Engine in the Yards, But No One Was Hurt.

Passenger train No. 2 on the Grand Rapids and Indiana road, due here at noon, dashed into a Lake Shore switch engine on the crossing at Kalamazoo at 9 o'clock this morning and derailed both engines, the baggage car and two of the passenger cars. The passengers and the train crew were shaken up somewhat, but fortunately none was injured beyond slight scratches which did not in the least disable them. Engineer A. J. Nickell, of the passenger train, had a clear track signal and was moving his train along at the usual speed, when suddenly the engineer on the Lake Shore switch engine started across the G. R. & I. tracks and got on the crossing just in time to meet the other engine. The impact was severe and the fact that there were no personal injuries is considered a most remarkable circumstance. The tracks of both lines were blocked two or three hours and passenger trains were obliged to make a detour, the G. R. & I. trains leaving that line at Vicksburg going north. Conductor L. B. Hushour had charge of the G. R. & I. train. Both engines were badly damaged, but the cars remained upright and were not damaged and the train completed its trip in its entirety with the exception of the engine.

SUPPLIES CLERK RESIGNS.

George C. Pohler Goes to the Standard Oil Company.

This evening George C. Pohler retires from the position of chief clerk to Division Storekeeper I. H. Shorey, of the Wabash, and tomorrow he will leave for New York, where he has accepted a responsible position with the Standard Oil company. Mr. Pohler has been with the supplies department of the Wabash since February 1, 1908, his first service being at Decatur, Ill. He came to Fort Wayne to take his present position May 1, 1908. He was previously employed in a clerical capacity in railway offices in Huntington for five years. Donald A. Muirhead has been advanced from another clerical position to succeed Mr. Pohler and Joseph D. Gage has been employed to take the place vacated by Mr. Muirhead. Mr. Muirhead has been employed in the stores department of the Wabash several years and was promoted two or three times during his term of service. Mr. Gage, with the exception of a brief period he was in Albuquerque, N. M., was also with the Wabash several years, commencing as stenographer in the ticket office.

SENT BACK TO RESERVATION.

Joseph Runs With and Companions Fired from Show.

Joseph Runs With, the Indian who fell off one of the cars of the Buffalo Bill show train near Valparaiso last week and sustained some scalp wounds, and ten of his comrades have been "fired" by the management of the show and sent back to the Rosebud reservation, from whence they came early in the season. They were dissatisfied with the show business and particularly with the restrictions placed upon their drinking, and they looked with favor on the proposition to quit. Joseph Runs With, it is said, had been drinking the day preceding his accident. His injuries are not serious and he was able to go with the others to the reservation. These Indians are of the Sioux tribe.

ASHPAN A BOOMER.

Three Interested in Company Leave to See Road Officials.

Just now the business of the Locomotive Ashpan company, recently organized here, is booming. This morning three men interested in the pan left for different points for conferences with big road officials in regard to the placing of the pans on the engines in use on their lines and all the appointments are by invitation. T. P. Whelan went to see officials of the Missouri Pacific road at St. Louis and later he will go to Detroit to confer with officers of the Michigan Central. Joseph A. Swartz is in Lafayette interviewing Monon road officials and Watts P. Denny has gone to St. Paul to see J. J. Hill, the noted railroad magnate, about permitting the pans to be used on the Great Northern line engines.

WILL OPEN OCTOBER 18.

The board of management of the Electrotechnic club announces that the 1909-1910 season will be opened Tuesday, October 18, when it is hoped to have a speaker of national reputation to address the meeting. The club now has a membership of 160 and it is hoped to swell this to 200 by the time of meeting in October. At the last meeting the following officers were chosen: J. B. Mills, president; P. C. Morganthaler, vice president; O. Cooper, secretary; F. C. Durye, treasurer.

FORTY YEARS IN SHOPS.

Machinist John Shuster is celebrating his sixty-third birthday today by operating his lathe in the Pennsylvania shops as usual. He was born at Mahoney, Ohio, July 15, 1856, and came to Fort Wayne when a lad of fifteen years. He began work in the Pennsylvania machine shop in January, 1869, and has remained there since.

WABASH PAY DAY.

Bulletins setting forth that the Wabash paymaster will be at the shops in this city for the distribution of the pay checks at 8 o'clock Tuesday morning, July 20, were posted on the boards this morning.

CAUGHT BY MOTOR DRILL.

F. C. Caskey, employed in the Pennsylvania boiler shop, had the sleeve torn from his shirt and the flesh of his right arm bruised and cut yesterday when the cloth of the garment was caught by a motor tap which was in motion. He will be off duty several days, but his injuries are not as severe as they might have been, for he had lost control of the machine and could not stop it until it had stripped the arm of the clothing.

WORKING FOR NEW LODGE.

George B. McCormick, George W. Clark and Peter Collins were at Cleveland yesterday on business connected with the proposed new lodge of the Brotherhood of Railway Trainmen. They said last night that there was nothing new in connection with the project to give to the public, but they have hopes of successfully bringing the project to a head soon.

TO SET UP BIG PLANT.

Michael Lynch, a construction man in the employ of the Kerr Murray Manufacturing company, accompanied by Mrs. Lynch, left at noon today over the Wabash for Denver, Col. The Kerr Murray company has the contract of installing a lot of gas machinery in that city and the work, which will consume several months, will be directed by Mr. Lynch.

FIRST PASS IN 25 YEARS.

Rudolph Hilgemann, foreman of the Wabash car inspecting gang, has asked for his first railway pass during a service of a quarter of a century. With Mrs. Hilgemann he will leave early next week for Charleston, Neb., to spend two weeks with relatives and friends.

HEARS OF MOTHER'S DEATH.

W. J. Newingham, a foreman at the Pennsylvania car shops, received a telegram last night stating that his mother had died at the family home in Pittsburg. She was eighty-one years old. Mr. Newingham left this morning for Pittsburg to remain until after the funeral.

FOOT BADLY BRUISED.

P. E. Hess, a foreman in the Pennsylvania erecting shop, will be off duty several days as the result of an accident that happened last night. While at work in the shop an iron block fell on Mr. Hess's foot, bruising the member badly.

NEW RAILWAY POLICEMAN.

Captain Henry Stoll, of the Pennsylvania police department, has employed Perry B. Palmer, of Van Wert, Ohio, as a patrolman. The new officer will be assigned to duty in Fort Wayne and he will commence work tomorrow.

IMPROVEMENTS COMPLETED.

Thomas Forbes and W. Zunbro, who had been working for some time in wiring the Wabash shops for electric lights and power, completed that task last night. Mr. Forbes, who has been in poor health for some time, will go to Denver, Col., to stay several months and Mr. Zunbro will take a position elsewhere.

POISONED BY TIN WHISTLE.

Vincent Shea, a clerk at the Wabash freight office, had his lips severely poisoned and they are swollen to three times the normal size. He believes the poison was conveyed through a tin whistle, of a pattern now so common with children.

INDUSTRIAL NOTES.

Nickel Plate Brakeman C. E. Wine has gone to the lake to spend a few days.

L. J. Case, a Wabash boilermaker, will spend Saturday and Sunday with friends in Huntington.

A. E. Dornte, of the Pennsylvania shops, is off duty on account of the death of his grandfather.

Isidor B. Ehringer, a resident of New Haven, has taken a position in the Pennsylvania boiler shop.

G. Savigny, a Pennsylvania shopman, has gone to St. Thomas, Ontario, to visit his parents a week.

Machinist Herman Regel, of the Bass works, has gone to Eaton, Ind., to do some work on a steam plant.

Pennsylvania Machinist Frank Gable, who had been sick several days, reported for duty this morning.

William Fosler, W. D. Carpenter and C. J. Majors, of the Nickel Plate round house, were fishing at Claypool yesterday.

A. C. Roehm, a machinist's helper at the Pennsylvania shops, had one of his eyes injured yesterday by getting a piece of steel in it.

Nickel Plate Engineer J. A. Williams has gone to Kendallville to spend a month with his father, who resides at that place.

Machinist Ed Kelker was struck at the side of the nose by a flying bolt yesterday and received a painful though not serious wound.

Next Tuesday Harry Ross, assistant baggagemaster at the Wabash depot, will leave for Ozark, Arkansas, to spend a two weeks' vacation.

J. H. Cody, W. Lepper, T. R. Mueller, C. W. Rodenbeck, J. M. Stephens, Bert Thomas and E. J. Travis, Pennsylvania shopmen, are sick and off duty.

C. B. Austin and A. E. Brown, the former of the New York Central and the latter of the Midland route, were in the city yesterday calling on shippers.

Mr. Hunley, private secretary to President W. H. Canniff, of the Nickel Plate, spent a few hours in the city yesterday afternoon looking after some railway business.

Nickel Plate Engineer George Conklin went to Leipsic last night and today accompanied Mrs. Conklin home. She had been visiting her folks in that city two weeks.

Mrs. C. P. Shaffer, wife of the landlord of the Pennsylvania Lines hotel, and her little daughter, Georgie, are visiting relatives at Columbus, Ohio, their former home.

E. O. Perry, the brickmason at the Pennsylvania blacksmith shop, was summoned to Indianapolis this morning by a message stating that his mother was very sick.

Mrs. Emil Steil, wife of the painter of that name at the Pennsylvania shops, is said to be quite sick and on account of her condition he was unable to report for work this morning.

Mr. Murphy, an insurance inspector for a company which is protecting the Wabash against losses by fire, was in the city today, looking over the property affected by the insurance policies.

E. Freese, recently from Switzerland, has taken employment at the Fort Wayne Electric works, being assigned to the experimental department. He is said to be an expert in electrical engineering.

George Kaiser was a caller at the Pennsylvania machine shop yesterday to see the men who were his shopmates two or three years ago. Mr. Kaiser is now employed in railway shops in Minnesota.

Next Saturday Charles Rodenbeck will go to Toledo for a visit and O. W. Nahrwald will go to Chicago on a similar mission. Both are employed at the Pennsylvania blacksmith shop. Mr. Rodenbeck will be accompanied by his wife.

Boilermaker W. J. Hilliker has gone to Decatur, Ill., to receive treatment from a specialist for an injured eye, the result of an accident at the Wabash shops two weeks ago. He was off duty the greater portion of the time since the accident.

Mr. and Mrs. E. B. Hughes will leave tomorrow for their home in Moberly, Mo., after visiting relatives and friends in Fort Wayne and Van Wert for the past two weeks. Mr. Hughes is general foreman of the Wabash shops at Moberly.

August 1 Charles F. Pierce will retire from the position of chief clerk in the Passenger department of the C. H. & D. at Cincinnati to take a position with the Queen & Crescent. He will be succeeded by Harry C. Mann, manager of the advertising department.

Fred Lenz, the blacksmith who was disabled by a fall ever since last winter, was at the Pennsylvania shops yesterday to see his comrades. He is still quite lame and cannot walk without the aid of canes, but he is improving and confidently looking forward to the day when he can resume work.

Miss Evelyn Center, of the General Electric Lamp works, has gone to Bay City and Saginaw to see relatives, and her sisters, the Misses Catharine and Ruth Center, of the Knitting Mills, have gone to Owasso, Mich., to see their aunt. All will be absent from the city about two weeks.

The local Hod Carriers' union held a meeting last evening, at which two new names, W. L. Robinson and Willard Allison, were added to the membership roll. The local discussed the part it will take in the Labor Day exercises last night, but did not formulate a program, leaving the matter open for discussion at future meetings.

Engineer George Shaffer, of the Baltimore and Ohio road, with headquarters in Garrett, has been spending several days with his Fort Wayne friends. He has an automobile and made the trip from Garrett to this city in it. Engineer Shaffer was employed on the Nickel Plate for a number of years, leaving that road and this city in 1898.

C. M. South and family will pass through the city this evening en route to the northern resorts, accompanied by his family. The party are riding in a private Pennsylvania car and will come in Fort Wayne on Pennsylvania train No. 9, and be transferred to the G. R. & I. Mr. South is secretary to First Vice President Joseph Wood, of the Pennsylvania.

A new departure in the line of inventions is a beamless brake for use on railroad cars, invented by J. W. Lamereaux, of Norwalk, chief wreckmaster of the W. & L. E. railroad. It is asserted that one-third of the wrecks on railroads are caused by falling brake beams, and this beamless device promises a possible alleviation of the trouble. It is said for the invention that it can be applied to cars at one-fourth the cost of the present system in use.

Through the efforts of Harvey Stahl, gang foreman in the Pennsylvania erecting shop, a game of baseball will be played at Toledo the first Saturday in August between a picked team from the ranks of the employes at the shops and a team composed of Pennsylvania employes at Toledo. Manager Stahl expects to return home with the scalps of the Toledo boys. Frank Scheid, foreman of the Toledo shops, is captain of teh team from those works.

Foley's Honey and Tar not only stops chronic coughs that weaken the constitution and develop into consumption, but heals and strengthens the lungs. It affords comfort and relief in the worst cases of chronic bronchitis, asthma, hay fever and lung trouble. Dreier Bros.

PICTURES FOR EMBASSIES.

Etchings of Four Presidents Will Adorn Foreign Legations.

Washington, July 15.—Reproductions of etchings of former presidents Washington, Jefferson and Lincoln and of President Taft are to adorn the walls of the offices of American embassies and legations throughout the world. The state department is shipping them neatly encased in hard wood frames two by two and a half feet in size, on the upper portion of which is a representation in gilt of the American coat of arms.

Considerable comment has been made by travelers regarding the lack of equipment of the American offices. An effort to improve them is being made and to give them a patriotic appearance by having the portraits of the American presidents properly displayed. The pictures of the four presidents mentioned are all the department is able to procure at this time, but as soon as others are available they will be added to the list.

WHOSE DEAD MAN WAS THIS?

Mischievous Prank at Swinney Park Badly Scared Some Autoists.

As Mr. and Mrs. S. D. Hanna and Mr. and Mrs. Edward White were spinning pleasantly along the Swinney park track about 9 o'clock last night, in Mr. White's big touring car, they were horrified to see lying ahead of them on the track and right in their path what appeared to be the body of a dead man. The chauffeur was barely able to swing the machine to the side of the track in time to avoid running over the "body" which upon investigation proved to be a well-stuffed dummy. The pleasure-seeking autoists were more than glad to learn of this fact and they reported the matter to the park policeman in the hopes that there will be no more occasion for such frights.

Danderine

Grows Hair and we can PROVE IT!

EVERYBODY CAN HAVE BEAUTIFUL HAIR NOW, and they don't have to wait weeks and months for results either. You will notice marked improvement after the very first application.

Danderine is quickly and thoroughly absorbed by the scalp and the hair soon shows the effects of its wonderfully exhilarating and life-producing qualities. It is pleasant and easy to use—simply apply it to the scalp and hair once a day until the hair begins to grow, then two or three times a week till desired results are obtained.

A lady from California writes in substance as follows:
I have been using your wonderful hair tonic for several months and at last I am now blessed with a wonderful suit of hair that measures over 49 inches in length; the braid is over 8 inches around.

Another from New Jersey:
After using sixth bottle I am happy to say that I have as nice a head of hair as anyone in New Jersey.

This **Great Hair-Growing Remedy** can now be had at all druggists in three sizes, **25c, 50c and $1.00 per bottle.**

Cut This Out — **Free** To show how quickly Danderine acts, we will send a large sample free by return mail to anyone who sends this free coupon to the Knowlton Danderine Co., Chicago, with their name and address and 10c in silver or stamps to pay postage.

THE MARKETS

GRAIN AND PROVISIONS.

Chicago Market.

Chicago, Ill., July 15.—A fresh gain of 2c was made by wheat for July delivery when that option sold today at $1.29. The market, however, lacked the bullish enthusiasm of the previous session and instant deliveries, instead of responding to the new advance in the July option, displayed considerable weakness.

Opening quotations were ¼@⅜c lower to 2¼@2⅜c higher, July being at $1.27½ to $1.29. Cash interests were apparently the leading buyers of the current month, but offerings were small. After touching $1.27⅞ shortly after opening, the July delivery held fairly steady for a time around $1.28.

Bulls failed to give the July delivery any material support and the price steadily declined on profit taking until it touched $1.22¼. The deferred futures declined about 2c. The close was weak with July off 3⅛@3¼c at $1.23½.

Corn was weak on general selling, a large part of which was based on increased offerings from the country. Favorable crop reports also had a bearish effect. Prices at the opening were a shade higher to ½c lower, July being at 71⅞c to 72⅜c. Later July sold off to 71⅝c.

The low point for July corn was reached at 71¼c. The market was weak all day and at the close July was down ¾c at 71⅝c.

Trade in oats was largely in the September and December deliveries, free sales of which caused a heavy tone early in the day. Trade in July was at a standstill for a time and no sales were made for half an hour after the opening, which was at 47⅞c.

Provisions were strong, owing to a 10c advance in live hogs. Prices at the opening were 2½@5c to 7½c higher.

The Close.

Prices at the close were as follows:

Wheat—July $1.23½; September $1.10¾; December $1.08; May $1.10⅝.

Corn—July, 71⅝c; September, 66c; December, 56⅛@56¼c; May, 56¾c.

Oats—July, 48½c; September, 42⅝c; December, 42½c; May, 44⅝c.

Pork—July, $20.95; September, $21.07½; January, $17.95.

Lard—July, $11.80; September, $11.82½; October, $11.72½@11.75; November, $11.40; January, $10.42½.

Ribs—July, $11.52½; September, $11.50; October, $11.15@11.17½; January, $9.32½.

Rye—Cash, 81@82c; September, 80c.

Barley—Cash, 66@72c.

Timothy—September, $3.70; cash, $3.00 @3.25.

Clover—Cash, $10.85; March, $11.85.

Car Lot Receipts.

Wheat—Receipts today were 4 cars.

Corn—Receipts today were 219 cars, with 52 of contract grade.

Oats—Receipts today were 97 cars.

Total receipts of wheat at Chicago, Maaaaaaaaaaffffaafaafafafafffff—Minneapolis and Duluth today were 89 cars, compared with 97 cars last week and 349 cars the corresponding day a year ago.

Chicago Cash Grain.

Chicago, Ill., July 15.—Cash prices—Wheat—No. 2 hard, $1.28@1.35; No. 3 hard $1.14@1.23; No. 1 northern, $1.35@1.41; No. 2 northern, $1.25@1.30; No. 3 spring, $1.10@1.15.

Corn—No. 2, 72¾c; No. 3 white, 75½c; No. 2 yellow, 72⅝@73¼c; No. 3, 72½@ 73c; No. 3 yellow, 72¾@73c; No. 4, 70@ 71c.

Oats—No. 2 white, 54½@55c; No. 3 white, 45@51c; standard, 53½c.

Toledo Grain Prices.

Toledo, O., July 15.—Opening prices: Wheat—July, $1.28⅜; September, $1.15; December, $1.14⅜.

Corn—July, 74½c; September, 71c.

New York Grain and Provisions.

New York, July 15.—Flour—Receipts today were 13,875 bbls; sales, 2,800 bbls. Market firm but quiet. Minnesota patents, $6.25@6.50; winter straights, $5.75@ 6.00; Minnesota bakers', $5.35@5.65; winter extras, $4.75@5.40; winter patents, $6.00@6.40; winter low grades, $4.65@5.30; Kansas straights, $5.35@5.90.

Wheat—No receipts. There was an excited trade in July wheat this morning. Shorts paid $1.34 or it or 3c advance over last night, after which it was offered right down to $1.33. Later months opened steadier, but reacted on prospects for clearing weather west. July, $1.33@1.34; September, $1.19¾@1.19⅞; December, $1.16 11-16@1.16¾.

Rye—Market dull; No. 2 western, 90½c, nominal, f. o. b. New York.

Corn—Receipts today were 4,500 bu.

Beef—Market steady.

Pork—Market firm.

Lard — Market firm; western, $11.95@ 12.05.

Sugar—Raw, market steady; fair refining, $3.42; centrifugal 96 test, $3.93; molasses sugar, $3.17; refined sugar, market steady; crushed, $4.55; powdered, $4.45; granulated, $4.35.

Petroleum—Market steady; refined all ports, $8.35@8.40.

Coffee—Market steady; No. 7 Rio, 7⅝@ 7¾c; No. 4 Santos, 9c.

Molasses—Market steady; New Orleans, 28@42c.

LIVE STOCK.

East Buffalo Market.

East Buffalo, N. Y., July 15.—Hogs—Receipts today were 1,140 head; shipments today were 760 head; shipments to New York today were 190 head; official shipments to New York yesterday, 2,090 head; the market closed steady at an early advance; heavies, $8.55@8.65; mediums, $8.45@8.55; yorkers, $8.30@8.40; light yorkers, $8.15@8.25; pigs, $7.00@8.10; roughs, $7.20@7.40; stags, $6.00@6.50.

Cattle—Receipts today were 100 head; market steady.

Veals—Receipts today were 100 head; market firm.

Sheep and Lambs—Receipts today were 1,400 head; market steady; lambs, $6.00@ 8.75; yearlings, $5.00@7.00; sheep, $3.00@ 5.75.

Chicago Market.

Chicago, Ill., July 15.—Cattle—Receipts today were estimated at 3,500 head; market strong and 10c higher; beeves, $4.85@ 7.50; Texas steers, $4.50@6.00; western steers, $4.80@6.25; stockers and feeders, $3.10@5.10; cows and heifers, $2.40@6.35; calves, $6.00@7.50.

Hogs—Receipts today were estimated at 12,000 head; market 10c higher; light, $7.50@8.50; mixed, $7.60@8.25; heavy, $7.70@8.30; roughs, $7.70@7.85; good to choice heavy, $7.85@8.30; pigs, $6.50@7.40; bulk of sales, $7.55@8.10.

Sheep—Receipts today were estimated at 15,000 head; market steady to 10c lower; natives, $2.75@4.90; western, $3.00 @5.00; yearlings, $4.60@6.00; native lambs, $4.75@8.60; western lambs, $4.75@8.60.

Cincinnati Market.

OIL.

Toledo Market.

Toledo, O., July 15.—North Lima, 94c; South Lima and Indiana, 89c.

STOCKS AND BONDS.

The Day on Wall Street.

New York, July 15.—Trading was in small volume at the opening today as is usual of late and the changes were mostly insignificant. The tone in general was steady, but there were a few heavy spots, Western Maryland losing a point, Anaconda ¾ and Denver & Rio Grande preferred ⅝. On the other hand St. Louis & San Francisco second preferred was pushed up ¾ and Canadian Pacific, Union Pacific and United States Steel ½, the last mentioned establishing a new record price at 70¼.

Operations on the long side of the market became more confident as a result of the heavy buying of United States Steel, which touched 70⅝. Whenever there was a pause in the advance in United States Steel the rest of the list became stagnant, and waited for steel to start up again before general buying was resumed. St. Louis & San Francisco second preferred got up 1¾ points, Western Union 1¼ and Canadian Pacific, Amalgamated Copper, Colorado Fuel and Virginia-Carolina Chemical 1 point. American Agricultural Chemical yielded 1.

Railroad Stocks began to figure more prominently in the dealings, but the chief interest continued to centralize in the movement of United States Steel that reached 70⅞, a raise of 1¼, with large blocks of stock changing hands at all stages of the rise. Bullish sentiment was encouraged by the steady absorption of Union Pacific common and preferred and the Hill stocks. Union Pacific preferred, showed unusual activity and rose 2⅝ to 106½. Other gains amounted to 1⅛ in Northern Pacific, 1 in Union Pacific, Reading, United States Steel preferred and People's Gas. Bonds were steady.

The demand for stock became more diversified, the inquiry taking in a great number of specialties. The buoyancy shown by United States Steel, which swept all opposition and placed it at 71½ or 1⅛ above yesterday's final price, was responsible for the increasing strength of the metal group. Railroad stocks were somewhat quieter at midday.

The advance stopped and there was a return to the recent dullness. Prices, however, did not yield at any point. Texas Pacific gained 2½ and Bethlehem Steel 1.

The market closed dull. United States Steel got up to 71¼, but the general list failed to respond and remained dull. American Locomotive rose 1¼, Virginia Iron 1⅜ and American Steel Foundries 1. Havana Electric declined 1¼ points. Hocking Valley receipts run off 8 points.

THE MONEY MARKET.

New York, July 15.—Money on call, easy, at 1¾@2 per cent; ruling rate, 1⅞ @2 per cent; closing bid, 1¾ per cent; offered at 1⅞ per cent.

Time loans firmer on the long maturities; sixty days, 1¾@2 per cent; ninety day, 2½@2¾ per cent; six months, 3¼ per cent.

Close: Prime mercantile paper, 3¾@4 per cent; sterling exchange, steady, with actual business in bankers' bills at 485.80 @485.90 for sixty day bills, and at 487.20 for demand; commercial bills, 485¼@ 485½.

Bar silver, 51c; Mexican dollars, 44c.

Government bonds, steady; railroad bonds, irregular.

LOCAL MARKET EPITOME.

The same old story of light receipts and equal demands with no changes in quotations was true on the local wholesale market today. Practically all the attention in market circles was paid to the retail market where the offerings were good, consisting of several kinds of small berries, and green stuffs. The prices paid were exceptionally good.

Friday is expected to be a little better day on the wholesale market, while the heaviest receipts of the week are anticipated for Saturday.

Other lines are the same.

THE FIRST NEW WHEAT.

Millers Are Expecting Some of It Next Week.

The first new wheat of the season is being expected by the Fort Wayne millers to be received here some time during next week. The season this year is several days later than that of last year, although during the past three years the new article has been coming in later than ever before. One miller said today that July 14th was the date of the receipt of the first new wheat last year and August 2nd the year before. The usual date is about the 3rd or 4th of July, so that it appears that the grain seasons are undergoing changes.

Come to the Turnverein Vorwaerts picnic at Centlivre park, Sunday, July 18th. 15-3t

PLANTATION SHOW NEXT.

Another Amusement Feature Added to Robison Park.

The Proctor-Buiker-Franklin company, lessees of Robison park, has purchased a tent, seats and stage equipment, and is preparing to add a plantation show to the multiplicity of other attractions which have been installed at the park this year.

The Rurode DRY GOODS CO.

The One Great Clearing Sale

which all northern Indiana recognizes as the greatest value-giving event of the season

Is Now Going On

One thing that makes buying easy here is the uniformly good quality of our merchandise. There's no looking over a lot of things you don't want and wouldn't have at any price to find what you do want.

What We Offer

Is the season's best merchandise but because it belongs to summer out it must go and reduced prices ought to make it go quickly.

Just Think

What it means to you from a saving standpoint when a stock like ours is thrown open for you to pick and choose from at prices in many instances less than manufacturers' cost today. A visit to this store is a lesson in economy. Our kind of service and our kind of merchandise go together naturally and our customers appreciate the solid worth of our offerings.

For Price Particulars See the Goods

CITY BREVITIES.

Considerable improvement is reported in the past day or two in the condition of W. M. Leedy, who has been ill at his home in Lakeside for the past eleven weeks.

Chester Cooper, of Albion, and William McKinley Patton, of Twelve Mile, left today for the training station at Norfolk, Va., after enlisting in the United States navy yesterday.

An aged man named Philip Wilson was found lying in the field near the Moellering brick yards yesterday morning in a serious physical condition and he was sent to the county infirmary by Trustee Branning.

TRI-STATE HERE NEXT.

The next annual meeting of the Tri-State Medical association, which has been in session in Toledo, will be held in Fort Wayne. The new officers for the year 1909-1910 are as follows: President, Dr. C. B. de Nancrede, Ann Arbor, Mich.; vice president, Dr. James Alexander Duncan, Toledo, O.; secretary, Dr. George W. Spohn, Elkhart, Ind.; treasurer, Dr. John Weltz, Montpelier, Ind.

MANY GET PROMOTION.

Under the new federal salary law twenty-nine mail carriers in Fort Wayne get an advance, beginning July 1, from the $1,000 grade to the $1,100 class, and two move up from $900 to $1,000 per year.

ECZEMA IS NOW CURABLE.

Zemo, a clean liquid for external use, stops itching instantly and permanently cures eczema and every form of itching skin or scalp disease. Meyer Bros. Co., the druggists, say they have been shown positive proof of many remarkable cures made by Zemo and that they endorse and recommend it and believe Zemo will do all that is claimed for it. Ask for sample.

Many people with chronic throat and lung trouble have found comfort and relief in Foley's Honey and Tar as it cures stubborn coughs after other treatment has failed. L. M. Ruggles, Reasnor, Iowa, writes: "The doctors said I had consumption, and I got no better until I took Foley's Honey and Tar. It stopped the hemorrhages and pain in my lungs and they are now as sound as a bullet." Dreier Bros.

GORIGHT AT IT.

Friends and Neighbors in Fort Wayne Will Show You How.

Get at the root of the trouble.

Rubbing an aching back may relieve it,

But it won't cure it.

You must reach the root of it—the kidneys.

Doan's Kidney Pills go right at it; Reach the cause; relieve the pain.

They cure, too, so Fort Wayne people say.

Mrs. Dorothy J. Edgar, 617 Holman street, Fort Wayne, Ind., says: "I have used Doan's Kidney Pills, procured from Meyer Bros. Co.'s drug store, and have found them to be a reliable remedy for kidney complaint. This trouble made its appearance in my case several years ago and at that time a physician told me that my kidneys were badly affected. Later I consulted another doctor and he called my trouble lumbago. My back pained me intensely and I was subject to frequent attacks of dizziness. When I was advised to try Doan's Kidney Pills, I immediately began their use, and it was not long before I found relief. I feel that Doan's Kidney Pills deserve all the praise that can be given them."

For sale by all dealers. Price 50 cents. Foster-Mulburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

DECIDES AGAINST "DRY BEER."

Judge Holds Drink Real Article With Smaller Percentage of Alcohol.

Marion, Ind., July 15.—"Dry beer," the product of the Capital City Brewing company, of Indianapolis, is too "wet" to be sold in a "dry" county, according to the decision rendered yesterday by Foster Davis, as special judge in the city court. Jack Sullivan, who operated a "dry" beer establishment in Marion, was found guilty of the charge of selling liquor without a license and was assessed the minimum fine of $50. Cases are pending against four other men.

The trial was held yesterday, but the court deliberated until yesterday afternoon before announcing its decision. The Capital City Brewing company had one of its attorneys here from Indianapolis to conduct the defense. The court expressed the belief that "dry" beer is the same as the real article, except that it contains a smaller percentage of alcohol.

Meyer Bros. Co., Three Drug Stores, are pleased to announce to their customers that they have secured the agency for Zemo, the best known remedy for the positive and permanent cure of Eczema, Pimples, Dandruff, Blackheads, piles and every form of Skin or Scalp disease. Zemo gives instant relief and cures by destroying the germ that causes the disease, leaving a clean, healthy skin. See display and photos of cures made by Zemo at Meyer Bros. Co. Ask for sample.

PENNSYLVANIA'S NEW YORK PASSENGERS

Will on and after July 20, upon request made to the Pennsylvania train conductor before reaching Jersey City, be furnished with transfer tickets which will carry them to New York on the cars and through the electric lighted tunnels of the Hudson and Manhattan Railroad company.

These transfer tickets must be presented at the tunnel elevators in the Pennsylvania railroad Jersey City train shed, and will be honored for passage to the great Hudson terminal building, Church and Cortlandt streets, New York, which adjoins a Sixth avenue elevated station and is only one block from the Broadway and Fulton street entrance to the Interborough subway—from which point passengers can take subway express trains or local trains to all stations on the underground road.

The Pennsylvania with its numerous trains every day presents the shortest and best route to New York. Please inquire at Pennsylvania ticket offices regarding the matter.

The new Spring Beach sanitarium at Rome City, Ind., makes heart disease a specialty. 14-12t

Business Men and Others Take Notice

During the month of July the La-Salle Extension university, of Chicago, in order to establish their "Business Administration Course" in Fort Wayne will send this course absolutely free of tuition to anyone desiring a higher education in business. This course teaches all phases of business by the recognized practical men of affairs in three nations combined with the faculties of thirteen leading universities. Leave your address at Room 2 Seidel bldg., and

Prof. W. H. Tuck

will call on you and explain their work. You get the same training and instruction as that of Harvard, Yale, and other universities.

NOTICE TO CONTRACTORS!

The Board of Trustees of the School City of Fort Wayne, Indiana, will receive and open bids, July 29, 1909, at 8 o'clock p. m. at their office for the erection of two school buildings as follows:

One on West Washington street, on the site of the present Washington school, the plans and specifications for which proposed building may be seen at the office of HENRY W. MEYER, Architect, and one on East Pontiac street, the plans and specifications for which building may be seen at the office of GRIFFITH & FAIR, Architects.

Bids must be sealed and the bidder must name on the envelope the building on which the bid is made, (if bidding up both buildings, the bids must be placed in separate envelopes), and each bid must be accompanied by a certified check for the sum of Two Thousand (2,000) Dollars to guarantee that the bidder, if successful, will enter into a contract and give bond for the construction of such school building, according to the plans and specifications.

The board reserves the right to reject any or all bids.

ERNEST W. COOK, Pres.
JAMES H. FRY, Secy.
ANSELM FUELBER, Treas.

CATARRH CANNOT BE CURED with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.

Our Refrigerators

You have, of course, heard about these wonderful goods. The rapid increase in the sale of them in this city is almost marvelous. Now, how is this accounted for? We believe it is accounted for from the fact that our refrigerators are built on honor, built to last, and built to sell. A poor McCray Refrigerator was never known. It is acknowledged by all that we have the best refrigerator for a reasonable amount of money. This, we think, is the secret of our success. Call and see the McCray line.

We give a special discount next week on all refrigerators and gasoline stoves sold. Take advantage of this.
